Department of Computer Science and Engineering

Alumni Survey

Dear Respondent,

The Department of Computer Science and Engineering, Potti Sriramulu Chalavadi Mallikarjuna Rao College of Engineering and Technology, Vijayawada require feedback from our stakeholders, to gauge whether the B-Tech (Computer Science and Engineering) program offered by our department is sufficient in preparing the students to be a competent engineer for professional life after their graduation.

The objectives of the survey are:

1) To collect the suggestions for reviewing the vision and mission of the department.
2) To gather information on the importance of the Program Educational Outcomes (PEO) and Program Outcomes (PO) statements.
3) To gauge our graduates' accomplishments after graduation (PEO) and also to measure their attributes after completing the program (PO).

We are grateful if you could spare some time to complete this survey.

Name: Ritchie Shelson P

Year of admission: 2012-16

Profile of the company you are working presently:

Name of the Company : Ritchie Media Pvt. Ltd

1) Indicate how well do you agree with mission and vision of the department (refer annexure A and B)

☐ Strongly disagree ☐ Disagree ☐ can't say ☐ Agree ☐ **Strongly agree**

2) Indicate how well do you agree with each Program Educational Objectives PEOs (refer Annexure C) as a predicted accomplishment for the degree.

Program Educational Objective (PEO)	Degree of Relevance				
	1	2	3	4	5
PEO1					*
PEO2					*
PEO3					*

1-Least relevant 2- Less relevant 3- Can't say 4- relevant 5- Very relevant

PRINCIPAL
Potti Sriramulu Chalavadi Mallikharjuna Rao
College of Engineering & Technology
Kothapet, VIJAYAWADA-520 001

3) Do you suggest any changes in the PEOs? (Specify)

I Suggest to create a platform for students to prepare solutions to Sustainable Development Goals (SDG's) which are proposed by United Nations. I believe using Computer Science lot of problems can be solved. We need a communication between the management and UN under a MOU.

4) Indicate how well do you agree with each Program Outcomes POs (refer Annexure D) as a predicted accomplishment for this program.

Program Outcome (PO)	Degree of Relevance				
	1	2	3	4	5
PO1:Engineering knowledge					*
PO2:Problem analysis					*
PO3:Design/development of solutions					*
PO4:Conduct Investigations of Complex problems					*
PO5:Modern Tool Usage					*
PO6:The Engineer and Society					*
PO7:Environment and Sustainability					*
PO8:Ethics					*
PO9:Individual and Team Work					*
PO10:Communication					*
PO11:Project Management and Finance					*
PO12:Life-Long Learning					*

5) Indicate how well do you agree with each Program Specific Outcomes PSOs (refer Annexure E) as a predicted accomplishment for this program.

Program Specific Outcome (PSO)	Degree of Relevance				
	1	2	3	4	5
PSO1: Practices of mathematical ideas					*
PSO2: Practices Of Computing					*
PSO3: Practices of Software Development					*

Annexure

A. Vision of the Department:

To become center of excellence in computer science and engineering by enriching the problem solving skills and teaching environment that adapts swiftly to the challenges of the society and producing professionals who shall be the leaders in technology innovation, research, entrepreneurship and management.

B. Mission of the Department:

M1: To practice the students with essential concepts, logical ability, problem solving and programming skills.

M2: To promote teaching and learning process that yields advancements in computer science and engineering leading to innovations and research.

M3: Practicing the organizational and leadership skills to the students with the multidisciplinary knowledge through projects, industry training, leading to a sustainable competitive edge in research and development to serve the society needs.

C. Program Educational Objectives (PEOs)

PEO1: To acquire the essential knowledge of basic sciences and fundamentals in engineering and analyze technical solutions to computational problems by developing the algorithms.

PE02: To apply knowledge in the identification, design, development, production, configuration and maintenance of computing systems for real life problems.

PE03: To develop managerial skills, meeting societal needs, leadership, entrepreneurial skills, sustainable competitive edge in R&D and adhering professional and ethical skills.

D. Program Outcomes (POs)

PO1: **Engineering knowledge**: Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.

PO2: **Problem analysis**: Identify, formulate, review research literature, and analyze complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.

PO3: **Design/development of solutions**: Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.

PO4: **Conduct investigations of complex problems**: Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions.

PO5: **Modern tool usage**: Create, select, and apply appropriate techniques, resources, and

PRINCIPAL
Potti Sriramulu Chalavadi Mallikharjuna Rao
College of Engineering & Technology
Kothapet, VIJAYAWADA-520 001

modern engineering and IT tools including prediction and modeling to complex engineering activities with an understanding of the limitations.

PO6: **The engineer and society**: Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional engineering practice.

PO7: **Environment and sustainability**: Understand the impact of the professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.

PO8: **Ethics**: Apply ethical principles and commit to professional ethics and responsibilities and norms of the engineering practice.

PO9: **Individual and team work**: Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings.

PO10: **Communication**: Communicate effectively on complex engineering activities with the engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.

PO11: **Project management and finance**: Demonstrate knowledge and understanding of the engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.

PO12: **Life-long learning**: Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.

E. Program Specific Outcomes (PSOs)

PSO1: Practices of mathematical ideas: By using mathematical techniques to solve problems using appropriate mathematical study, data structure and algorithms.

PSO2: Practices Of Computing: The students obtain the knowledge of hardware and software by the capability of attaining essential concepts from computing systems.

PSO3: Practices of Software Development: By possessing the computing skills and knowledge of software development life cycle, the students gain the practical capability and platform independent skills.

STUDENT EXIT SURVEY

(Outgoing Students)
[A part of Quality Assurance & Assessment]

Date: 5/4/19

You are aware that we, the faculty and staff of Department of Computer Science and Engineering of PSCMRCET are aiming at continuously improving the processes and facilities so that we are able to offer quality education in tune with the requirements of the stake holders, especially the students.

We are sure that as a fresh graduate coming out of this college, you can give valuable inputs that we will sincerely bank upon for improving our services. Kindly spare a few minutes and register your feedback in the questionnaire that follows.

Thank you

B. Assessment of Programme Outcomes

By undergoing B.Tech (CSE) Programme in PSCMRCET, you shall have acquired knowledge, skills, abilities and certain attributes. Kindly apply yourself and objectively evaluate such accomplishments gained by placing tick suitably. Please ensure you answer all questions.

S.No.	Program Outcome	GOOD	AVERAGE	Need Improvement
1	**Engineering Knowledge:** Apply knowledge of mathematics and science, with fundamentals of Computer Science & Engineering to be able to solve complex engineering problems related to CSE.	✓		
2	**Problem Analysis:** Identify, Formulate, review research literature and analyze complex engineering problems related to CSE and reaching substantiated conclusions using first principles of mathematics, natural sciences and engineering sciences.	✓		
3	**Design/Development of solutions:** Design solutions for complex engineering problems related to CSE and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety and the cultural societal and environmental considerations.	✓		
4	**Conduct Investigations of Complex problems:** Use research–based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions.	✓		
5	**Modern Tool Usage:** Create, Select and apply appropriate techniques, resources and modern engineering and IT tools including prediction and modelling to computer science related complex engineering activities with an understanding of the limitations.	✓		

S.No.	Program Outcome	GOOD	AVERAGE	Need Improvement
6	**The Engineer and Society:** Apply Reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the CSE professional engineering practice.	✓		
7	**Environment and Sustainability:** Understand the impact of the CSE professional engineering solutions in societal and environmental contexts and demonstrate the knowledge of, and need for sustainable development.	✓		
8	**Ethics:** Apply Ethical Principles and commit to professional ethics and responsibilities and norms of the engineering practice.	✓		
9	**Individual and Team Work:** Function effectively as an individual and as a member or leader in diverse teams and in multidisciplinary Settings.	✓		
10	**Communication:** Communicate effectively on complex engineering activities with the engineering community and with society at large such as able to comprehend and with write effective reports and design documentation, make effective presentations and give and receive clear instructions.	✓		
11	**Project Management and Finance:** Demonstrate knowledge and understanding of the engineering management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.	✓		
12	**Life-Long Learning:** Recognize the need for and have the preparation and ability to engage in independent and life-long learning the broadest	✓

EMPLOYER FEEDBACK FORM

Graduates of our Institute are working in your organization. We are thankful to you for providing them employment with your prestigious Company/Organization. We shall very much appreciate and be grateful to you if you can spare some of your valuable time to fill up this feedback form. It will help us to improve the Institute further and give you better employees in future.

Tick "✓" the number that best describes your level of satisfaction at each question:

Employee Characteristics	Unacceptable	Needs Improvement	Average	Above Average	Exceptional	Not Applicable
	1	2	3	4	5	6
Dependability					✓	
Attendance					✓	
Completion of projects					✓	
Quality of work					✓	
Ability to communicate - oral					✓	
Ability to communicate - written					✓	
Courtesy with staff and customers/clients					✓	
Ability to work on a team					✓	
Cooperation and willingness to follow directions					✓	
Safety awareness and procedures					✓	
Problem-solving skills					✓	
Use of good judgment					✓	
Appropriate dress and appearance for work					✓	
Initiative/self-direction					✓	
Motivation					✓	
Ability to accept criticism					✓	
Work ethic					✓	
Use of technology					✓	
Skills related to this worksite					✓	

On a scale of 1 to 10 how do you rate your overall satisfaction with PSCMRCET students?

1	2	3	4	5	6	7	8	9	10
									✓

If you were dissatisfied with any aspect, please comment further:

How could our programs be improved? What specific comments do you have regarding the curriculum?

Include more & more technology related seminars, so that students get practical exposure.

Any other comment(s):

Would you like to recruit more PSCMRCET student?	Yes ☑	No ☐
Would you refer us to other organization(s)?	Yes ☑	No ☐

Please feel free to speak in confidence with our TPO/ staff about any aspects of the program or students performance. If you would like staff to contact you to discuss any issues, please provide your contact number.

FEEDBACK FORM FOR EMPLOYERS

Dear employers, As industry is the ultimate customer of engineering graduates, its satisfaction about standards and content of Potti Sriramulu Chalavadi Mallikarjuna Rao College of Engineering & Technology products is important. Potti Sriramulu Chalavadi Mallikarjuna Rao College of Engineering & Technology always maintains a continuous dialogue accordingly. As the ultimate beneficiary of our quality product your support and feedback will help us to maintain the required standards of education. Here are some of the points to facilitate you in giving feedback about our students. You are requested to give marks in the box provided against each item as per the following norms.

EXCELLENT:-5 VERY GOOD-4 GOOD-3 SATISFACTORY-2 POOR-1

ELECTRICAL AND ELECTRONICS ENGINEERING

STUDENT EXIT SURVEY

(Outgoing Students)
[A part of Quality Assurance &Assessment]

Date:

You are aware that we, the faculty and staff of Department ofElectrical and ElectronicsEngineering of PSCMRCET are aiming at continuously improving the processes and facilities so that we are able to offer quality education in tune with the requirements of the stake holders, especially the students.

We are sure that as a fresh graduate coming out of this college, you can give valuable inputs that we will sincerely bank upon for improving our services. Kindly spare a few minutes and register your feedback in the questionnaire that follows.

Thank you

Faculty Feedback on Curriculum

Year/Sem: II / II A.Y: 2017 – 18

Name of the Faculty: K. Narendra

Department : EEE

Designation: Assistant Professor

Subject: Electrical Machines-1 & PS-I

I hereby find a gap between the academic curriculum syllabus and real time practical knowledge required for industries for my subject, which I have mentioned as below

GAP identified

Lack of Practical awarness on fundamental Concepts

Remedy suggestion for fulfilling the gap in concern with the industry orientated knowledge is

Plan to conduct fundamental Concepts Based Project Expo

Signature of Faculty **Signature of DAC** **HOD**

QUESTIONNAIRE

S. No	Survey Aspect	Excellent	Good	Satisfactory	Poor
1	The extent to which the curriculum is meeting the industrial/professional need.		✓		
2	How do you rate your acquired knowledge to interrelate with the other domains.		✓		
3	How good are the opportunities you got to pursue research in IITs, NITs, Foreign Universities and R&D organizations.			✓	
4	Rate your ability in designing a product with the knowledge acquired in your course.		✓		
5	To what extend you are updates with the evolving trends, tools and technology in your area of specialization.	✓			
6	Your involvement & Participation in the outreach activities of serving the needy and society at large		✓		
7	How far you could explore the entrepreneurship opportunities in the area of your specialization.			✓	
8	How far your experience in different teams in the institute is useful in the current profession.	✓			
9	How do you rate the acquired managerial and communication skills help your professional growth.		✓		

Any other suggestion that to be included in the curriculum so that it could be helpful for the upcoming graduates..... Need an Experience on Latest Ei Trends and Technologies.
