Grant for engg. college

The All India Council for Technical Education (AICTE) has sanctioned grant to the tune of Rs. 20 lakh to Pottu Sriremulu Chalavadi Mallikarjuna Rao College of Engineering and Technology located in the One Town, Kothapeta, a national seminar on 'Recent trends on surface science and nano technology'. According to the Principal of the college, K. Nageswara Rao, the seminar will be held in November. The seminar will also give a platform for scientists and researchers to update themselves. He said that research papers presented in the seminar will be selectively published in international journals. For further information visit www.psema.ac.in

Submitted to the management through the principal:

Respected Sir,

Sub: Proposal for conducting the "Working with Websites" web designing program in association with LOTOSSTUDIO.COM [An Alumni of PSCMR CET 2013] - reg.

This is Sudhakar Kattupalli, Associate Professor from department of CSE, bringing to your kind notice that we are organizing the above mentioned workshop for the benefit of students of all branches from all years of the engineering course. The necessary details are as furnished below.

Program Name: Working with Websites

Convenor: K.Sudhakar, Associate Professor, Department of CSE

Coordinators:

Student Coordinators : Class representatives of CSE & IT

Lab & Equipment : A.Ravi, Ashok, S.Manikanta

Resource Person: Mr.P.Gowtham & K.Saikrishna from LOTOSSTUDIO.COM [An alumni of PSCMR CET 2013]

Duration: 17th - 20th June 2013

Timings: 4.00 PM - 6.00 PM

Venue: English Communications Lab #018, PSCMR CET

Participants: Open to all engineering branch of PSCMR CET & students from other colleges.

Estimated Expenditure (4days) : Rs. 15,000/-
Rs. 12.50 per resource person per day.
(2 x 12.50 x 4 = 10,000)

Resource Person Remuneration:

Enclosures:

- The list of participants & their payment details.

Thanking you sir

Yours sincerely,
K.SUDHAKAR

May be approved.

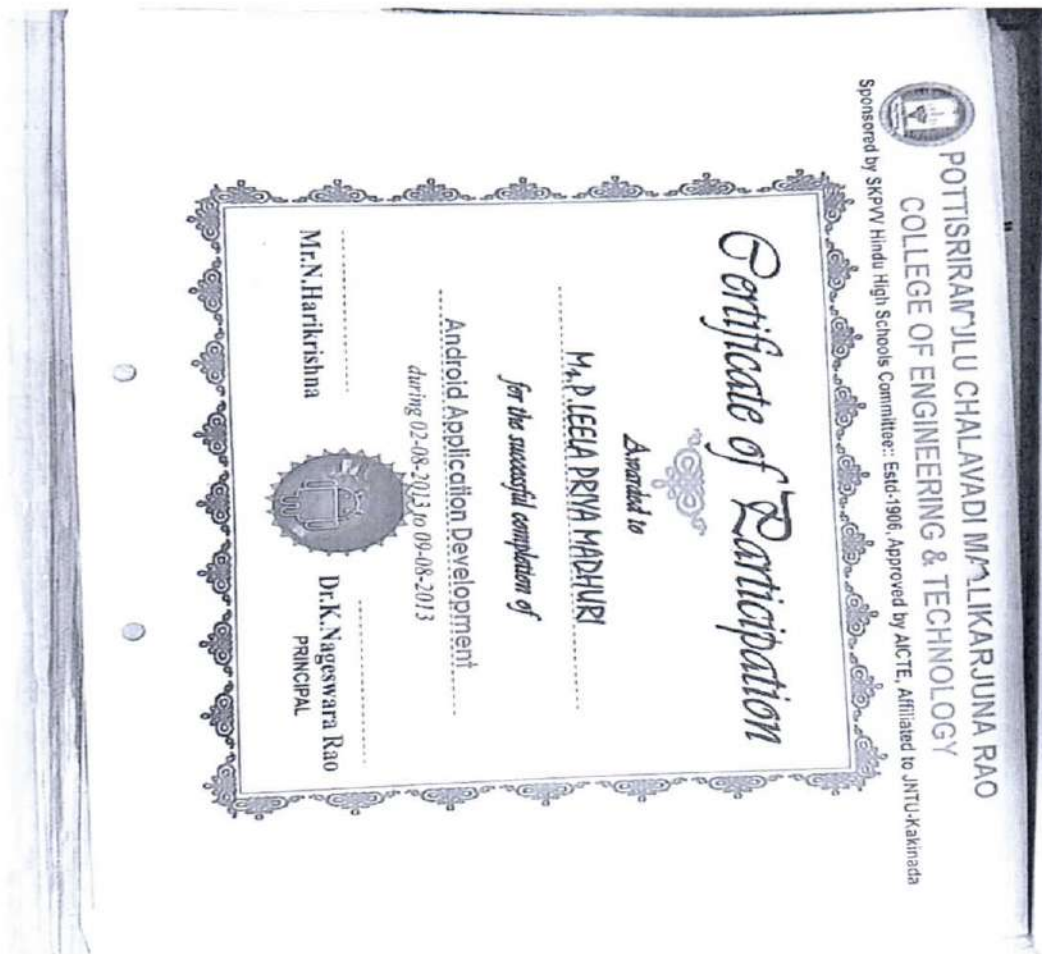

The amount will be met from the fee collected from the students. ~~The amount will be met from the college account.~~

Budget Proposal for Androld Workshop

Submitted to the Management through Principal:

Respected Sir,

Sub: Proposal to conduct one week workshop on Android application development from Insignia labs pvt Ltd., With the resource person N.Harikrishna-reg.

This is Sudhakar Kattupalli, Associate Professor of CSE and acting as coordinator for this workshop, bringing to your kind notice that the above mentioned workshop was proposed for the benefit of student in the area of Android Application development. The necessary details are observed here.

Program	: One week workshop on "Android Application Development"
Resource Person	: Mr.N.Harikrishna Insignia Labs Pvt.Ltd.,
Convener	: Mr.K.Sudhakar
Duration	: 02.08.2013-09.08.2013
Timings	: 10am-4pm everyday
Venue	: 204&205 Lab
Participants	: III CSE A&B
Expenditure	: 15,000
Resource Person	: 10,000 (Remuneration)
Amount to be collected from students	: 9,000 (300/-pp)

Submitted for the approval and budget sanction

InSignia Labs

Research and Training Services

Software Training Proposal

Subject: To request for conducting a complete three days **Software Training** on 'Android Mobile Computing' for III/IV Year Engineering Students from all CSE & IT Streams.

InSignia Labs is an IIT - Chennai - Initiated Training Wing, which focus on conduction of technical training programs in the field of Embedded Systems, Robotics, Game Development & Mobile Computing. Its vision is to provide science and engineering students an exposure to the Core Technology and encourage them to do scientific research and product design guiding them towards inventions.

We are pleased to propose the conducting of a three days **Software Training** in your esteemed college campus

The details of the training are in the subsequent pages.

Kindly allow us to conduct the training in your college campus and motivate the students towards product development and research.

Yours Sincerely,
InSignia Labs Tech Pvt. Ltd.

PRESS NOTE

Topic: Android Application Development

Potti Sriramulu Chalavadi Mallikarjuna Rao College of engineering and technology, CSE department organized a workshop on "Android Application Development". In association with Glenn wood Pvt, Ltd., Channai.

As part of the co-curricular activities the Department of CSE & IT of PSCMR CET has conducted a One week Workshop on Android Application Development along with the support of "Glenn wood Pvt, Ltd., Channai", on 02nd Aug 2013 to 09th Aug 2013.

Around 120 students have registered for the workshop. Introducing features of Android Application Development, communication requirements for Robotics, Game Development and Mobile Computing are discussed at length Mr. N. Hari Krishna has made the workshop sessions lively and gave important information to the students regarding career opportunities in this area.

The Principal, K.Nageswara Rao garu, Head of the Department Dr. R. Chandra Sekharam appreciated the active participation of the students and emphasized the importance of such co-curricular activities in the college.

Seminar on Intellectual Property Rights: 5th july 2014 & 6th july 2014

Intellectual Property Rights (IPR) plays a vital role in enhancing the socio-economic prosperity of the country. Creativity and innovation are new drivers of the world economy. With the increasing relevance of Intellectual Property (IP) in this era of globalization, it is important to recognize the role which IP systems play in the growth of the Nation. Thus, there is a need to create large public awareness about the pivotal role of IPR in globalized knowledge economy. With the view to create awareness on the significance of IPR to the people from various sectors in the Country, PSCMR college is organizing a two day Seminar on Intellectual Property Rights at Campus. The Seminar is intended to cover various aspects of IPR like Patents, Copyrights, Trademarks, etc. The technical sessions will be led by the speakers having thorough knowledge in the subject who have been practicing in the field for many years. The expected participants of the program include Scientists, Research Scholars, Small & Medium Enterprise (SME) and Grass Root Innovators.

OBJECTIVE

As a punch line of PSCMR College "Celebrating Dreams" in Engineering, it is the key to protect innovations using available Intellectual Property Rights (IPR) in order to benefit the society and minimizing the risk of valuable ideas remain on the shelf. The current global economic crisis is also focusing on renewed attention on the urgent need to incentivize and protect innovation to both solve the world's most challenging problems and to generate jobs and economic growth. The power to evolve innovations and thinking in an innovative manner in an organizations can be increased by means of creating Intellectual Property (IP) awareness amongst its employees and students, who are directly or indirectly involved in the process of innovation. The one day IP awareness Seminar aims at establishing a basic level of IP awareness amongst the Seminar participants, such that the chances of obtaining well-protected innovation (Patents) for their organizations are increased.

This Seminar would focus on

- Importance and scope of IPR in Academic Researches.
- Types of innovations patentable & how to test your patentability of your innovations.
- Procedure of patent writing, patent filing and the process of granting patent.

Date: 22-09-2015

Invitation Letter

Sir it is our pleasure to invite you to our college, as you are a very much experienced person it is a great opportunity for our students and faculty members to listen to your practical approach of facts related with power plant operation. I cordially invite you to present guest lecture on 28-9-2015. I will arrange all audio visual arrangements for the smooth completion of the guest lecture. I also request you to clarify various doubts of faculty and students in power plant operation.

Submitted to the management through Principal:

Sub: Proposal for Seminar on "*ICT Project Management Skills for Digital India*" by Dr.V.Siva Rama Krishna, Senior Technical Director NIC., -reg.

Dear Sir,

This is K.Sudhakar, Associate professor of CSE, requesting you to consider the following request and the necessary amount of money for the above mentioned seminar on **18th August 2015 in our campus at 10 am.**

The NIC Senior Technical Director has been contacted through our Principal Sir, to deliver the importance of Digital India and the Project Management skills to all the **3rd and 4th Year B.Tech students**, respective faculty members. Your kind help in this regard is a great encouragement and uplift to the students towards Digital India program, which was merely on the move by Government of India. *We request all our management to solicit your presence at this seminar.*

Expenditure:

- Remuneration : 5,000
- Memento : 1,000
- Transport & Boarding : 1,500

Total : ₹ 7,500/-

Thanking you sir,

K.Sudhakar

**IEEE NATIONAL WORKSHOP ON
"Exploring the Cloud Platform-as-Service"**

Dear Sir/Madam,

We have immense pleasure in bringing to your kind notice that PSCMR College of Engineering & Technology, Vijayawada is organizing a one day

◆ IEEE NATIONAL WORKSHOP ON

"Exploring the Cloud Platform-as-Service"

On October 10th, 2015 for the Students (UG & PG), Faculty, Research Scholars of various Engineering Colleges and delegates from the industry.

The workshop paves the way for an excellent prospect and opportunity for the people to update their knowledge on recent advancements in Cloud computing.

The above event is going to be organized in a grand way in collaboration with **IEEE Vizag Bay Sub Section** in which a large number of students, faculty, research scholars of Various Engineering Colleges and delegates from the industry will have a great opportunity for gaining knowledge under the supervision of eminent persons from the relevant industries.

It is highly appreciable if you widely circulate the brochure among the students and staff of your institution and send participants to this workshop.

In Technical Collaboration with

Vizag Bay Sub Section

ABOUT THE COLLEGE

Potti Srimulu Chalavadi Mallikarjuna Rao college of Engg & Tech is located in spacious area has an aesthetically designed and elegantly built campus. It is fully furnished with the state of the art facilities providing an ambience that motivates the students to grow as technically superior and enlightened engineering professionals.

The college is managed by Sri Kanyaka Parameswari Vissamsetty Venkataratnam Hindu High Schools Committee. It is a society formed in the year 1906 by a group of philanthropists belonging to business community of Vijayawada, Krishna district. The committee since then has been managing several educational institutions for the benefit of the poor and the needy.

The college started its UG Engineering courses in the academic year 2008-09. The current courses Civil, CSE, ECE, EEE, Mech branches, within a short period it has emerged as one of the leading and prestigious institutions attracting students from different parts of the state. Highly qualified, well experienced and dedicated faculty members are the assets of the college. The college started its first year PG Course in MBA in the academic year 2009-10, which emerged as one of the prestigious wings of the college.

The intake of the college in different UG & PG Programmes is given below:

UG Courses:

1. Computer Science and Engineering - 120
2. Electronics and Communication Engineering - 120
3. Electrical and Electronics Engineering - 60
4. Civil Engineering - 60
5. Mechanical Engineering - 120

PG Courses:

1. Master of Business Administration - 180

Diploma Courses:

1. Civil Engineering - 60
2. Mechanical Engineering - 60

ABOUT CSE DEPARTMENT

Established in the year 2008, the department offers B.Tech programme in Computer Science & Engineering with an intake of 120. The department aims at implanting the spirit of ingenuity, innovativeness and technical competency in the students to regular guidance. All faculty members actively involve in teaching and research work. An exclusive R & D Centre was established for carrying out research activities in the department. The department has the state of the art laboratory facilities.

About Workshop:

The workshop is intended to provide an opportunity to the participants to upgrade their knowledge in recent advances in Information Technology with special focus on research issues in cloud computing.

The workshop will cover:

- Technologies for creating Cloud Computing Environment on a Network of Computers
- Tools for building Cloud applications
- Guidelines for introducing cloud computing courses and initiating innovative R&D Projects.

Cloud computing has recently emerged as one of the buzzwords in the IT industry. Numerous IT vendors are promising to offer computation, storage, and application hosting services and to provide coverage in several continents, offering service level agreements (SLA) backed performance and uptime promises for their services. While these "clouds" are the natural evolution of traditional data centers, they are distinguished by exposing resources (computation, data, and applications) as standards-based Web services and following a "utility" pricing model where customers are charged based on their utilization of

computational resources, storage, and transfer of data. They offer subscription-based access to infrastructure, platforms, and applications that are popularly referred to as IaaS (Infrastructure as a Service), PaaS (Platform as a Service), and SaaS (Software as a Service). Cloud Computing being in nascent stage requires a good amount of research in the very area of System management, Data management, Network management etc. The workshop is intended to do the same.

Mr. K. Raghavendra
Resource Person

Scientist, ADRIN
Department of Space, Govt. of India.

Eligibility

UG/PG Students, faculty, Research Scholars and Industry Person working in the relevant area.

Important Dates

Last date for Registration : 06-10-15

Submitted to the principal for approval

Department of CSE& IT has conducted a one day IEEE collaborated workshop on 10/10/2015.
Total of 207 students have attended for the guest lecture.

The expenditure & account details are as given below

S.No.	Expenditure/ Account Details	Debit	Credit	Balance
1.	Amount received from college		30,000	
2	Amount collected from students		39,850	
3	Breakfast for resource persons (water bottles + Tiffin's)	600		
4	Remuneration for resource person	15,000		
5	T.A for resource person	3,000		
6	Lunch for students, staff and resource persons	$240 \times 47 + 1350 = 12,630$		
7	Refreshments for 250 Members(biscuit packet +drink +coffee)	5000		
8	Bouquets, flowers	$5 \times 130 + 200 = 850$		
9	Decoration Items & flex (4 flex +colors +salt+ decoration items)	3386		
10	Memento & shawl	1000		
11	Folder, pen, scribbling pad & certificate for participants	$230 \times 50 = 11,500$		
12	Photos	200		
13	Brochures printing & postal charges	$425 + 220 = 645$		
	total	53811	69,850	16039

Balance amount returning to the management Rs 16,039.

Submitted for the approval.

**A National Seminar on
Recent Developments
In Engineering Science and its
Computational Applications
(Sponsored by DST-SERB)**

Dear Sir/Madam,

We have immense pleasure in bringing to your kind notice that PSCMR College of Engineering & Technology, Vijayawada is organizing a Two day National Seminar on "**Recent Developments in Engineering Science and its Computational Applications**"

On Sep 23rd & 24th 2016 for faculty, research scholars and Students (UG & PG) of various Engineering Colleges.

The seminar paves the way for an excellent prospect and opportunity for the people to update their knowledge on recent advancements in embedded technology.

The above event is going to be organized in a grand way in sponsored by **DST-SERB** in which a large number of faculty, research scholars and students (UG & PG) of Various Engineering Colleges will have a great opportunity for gaining knowledge under the supervision of eminent persons.

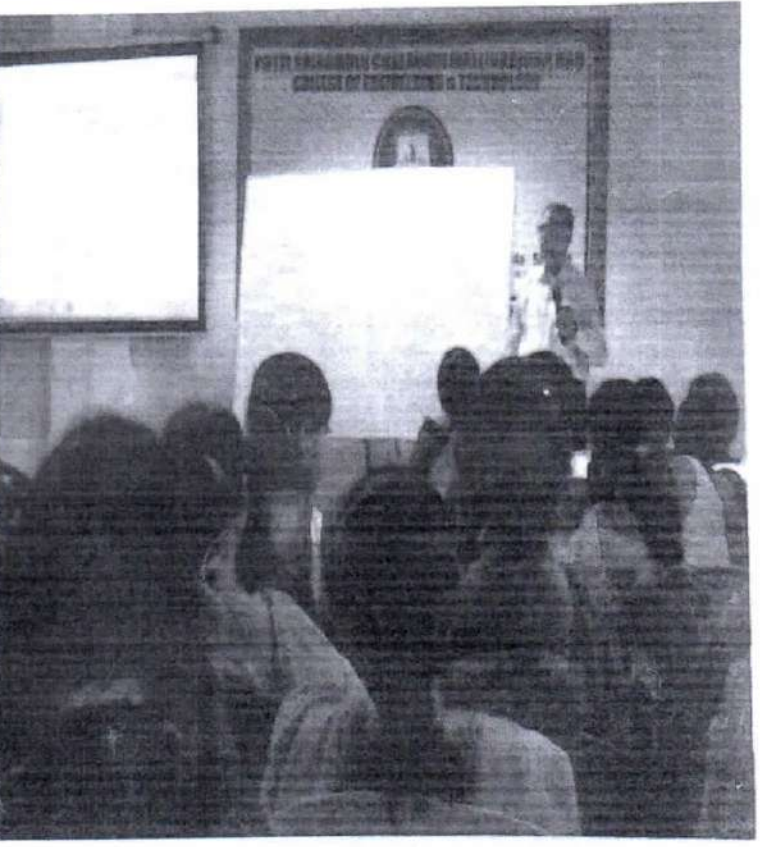

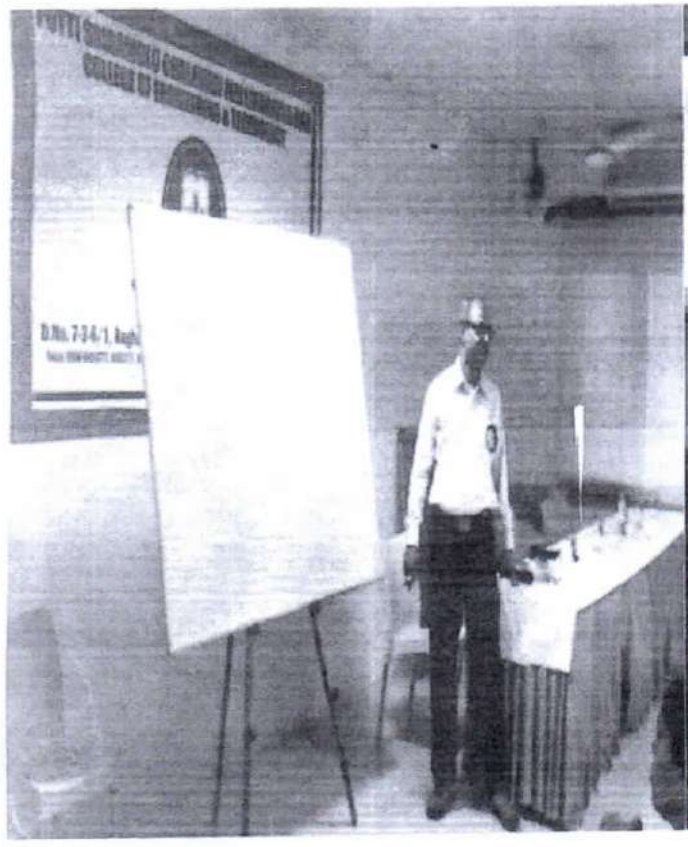

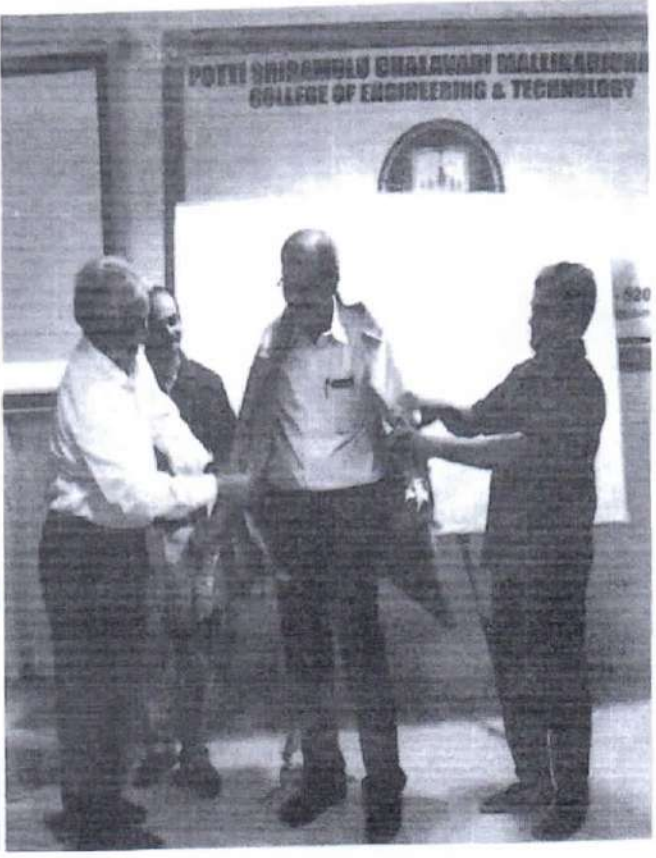

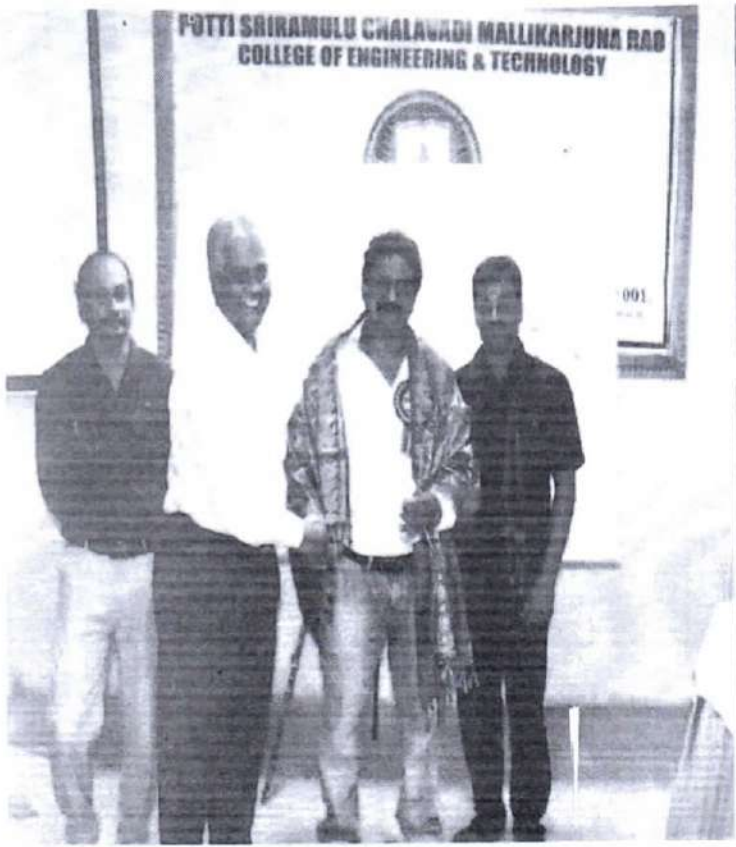

It is highly appreciable if you widely circulate the brochure among the students of your institution and send participants to this seminar.

Hello **Manikantha** Garu,

As per our earlier conversation, we are conforming three days workshop(MEAN+Cloud) on **November 28,29,30 at Potti Sriramulu college of Institute of Technology, Vijayawada.** Below are the details.

The Schedule is:

- **Day1:** MEAN Technologies (Javascript and NodeJs)
- **Day2:** MEAN Technologies (MongoDB, Expressjs and AngularJs)
- **Day3:** Cloud Technologies (Ionic, Cloud computing and IBM BlueMix)

Requirements:

- Students should enroll to APCloud website(www.apcloud.in).
- Students should carry their own Laptops and make sure that sockets are available for laptops .
- Workshop venue should contain **Projector, Wi-Fi** with good strength and a **Mike**.
- All the students should install the necessary software's.

Note: Please find the attachment regarding Pre-Requisites.

Hello **Manikantha** Garu,

As per our earlier conversation, we are conforming three days workshop(MEAN+Cloud) on **November 28,29,30 at Potti Sriramulu college of Institute of Technology, Vijayawada.**
Below are the details.

The Schedule is:

- **Day1:** MEAN Technologies (Javascript and NodeJs)
- **Day2:** MEAN Technologies (MongoDB, Expressjs and AngularJs)
- **Day3:** Cloud Technologies (Ionic, Cloud computing and IBM BlueMix)

Requirements:

- Students should enroll to APCloud website(www.apcloud.in).
- Students should carry their own Laptops and make sure that sockets are available for laptops .
- Workshop venue should contain **Projector, Wi-Fi** with good strength and a **Mike**.
- All the students should install the necessary software's.

Note: Please find the attachment regarding Pre-Requisites.

3 day workshop by Miracle Software Solutions

2 messages

PSCMR Engineering <placements@pscmr.ac.in>

Wed, Nov 16, 2016 at 9:29 PM

To: Pathanjali Sastri <akellapatanjali@pscmr.ac.in>, ksudhakar <ksudhakar@pscmr.ac.in>

Miracle Software Solutions is conforming three days workshop(MEAN+Cloud) on **November 28,29,30** at **Potti Sriramulu college of Institute of Technology, Vijayawada**. Below are the details.

The Schedule Is:

Day1: MEAN Technologies (Javascript and Node.js)**Day2:** MEAN Technologies (MongoDB, Expressjs and AngularJs)**Day3:** Cloud Technologies (Ionic, Cloud computing and IBM BlueMix)

Requirements:

Students should enroll to APCloud website(www.apcloud.in). Students should carry their own Laptops and make sure that sockets are available for laptops. Workshop venue should contain **Projector, Wi-Fi** with good strength and a **Mike**. All the students should install the necessary software's.

Kindly make the required arrangements. I also request you to let me know whether this training is essential to 3rd year or 2nd year students. So that we can proceed accordingly.

With Regards

Manikanta Sama

Guest Lecturer Evaluation Form

Topic: AP cloud

Date 29/11/16

Name of the Instructor(s):

Please evaluate the instructor on the items listed below by checking the appropriate box:

	Strongly agree	Agree	Neutral	Disagree	Strongly disagree
1. The instructor communicated ideas and concepts clearly	<input checked="" type="checkbox"/>				
2. The instructor was open-minded and encouraging		<input checked="" type="checkbox"/>			
3. The instructor Program Objectives Are Achieved?		<input checked="" type="checkbox"/>			
4. The instructor was well-organized		<input checked="" type="checkbox"/>			
5. The instructor encouraged participation in class		<input checked="" type="checkbox"/>			
6. The pace of the lecture was good		<input checked="" type="checkbox"/>			
7. The instructor used good examples in the lecture	<input checked="" type="checkbox"/>				
8. The instructor noticed indications when students needed help		<input checked="" type="checkbox"/>			
9. The objectives for the class were stated clearly at the beginning of the class	<input checked="" type="checkbox"/>				
10. The Overall instructor's mentoring and help were very valuable	<input checked="" type="checkbox"/>				

Any other comments/suggestions?

THANK YOU VERY MUCH FOR YOUR FEEDBACK!

Seminar on Intellectual Property Rights by PSCMR College : 14th July 2016 & 15th July 2016

About IPR Seminar

Intellectual Property Rights (IPR) plays a vital role in enhancing the socio-economic prosperity of the country. Creativity and innovation are new drivers of the world economy. With the increasing relevance of Intellectual Property (IP) in this era of globalization, it is important to recognize the role which IP systems play in the growth of the Nation.

Thus, there is a need to create large public awareness about the pivotal role of IPR in globalized knowledge economy.

This Seminar would focus on:

- Importance & scope of IPRs in Modern Day Businesses
- Patents: Introduction, Filing, Prosecution & Registration Process
- Copyrights: Introduction, Filing, Prosecution & Registration Process
- Trademarks: Introduction, Filing, Prosecution & Registration Process
- Industrial Design: Introduction, Filing, Prosecution & Registration Process
- Geographical Indication: Introduction, Filing, Prosecution & Registration Process

Invited talk on 7th July 2017 at PSCMR College of Engineering & Technology, Vijayawada

Speaker: Prof. K. V. Krishna Rao, Civil Engineering Department, IIT Bombay

Topic: Towards better Accessibility and Mobility through Sustainable Transportation Planning in Indian Cities

Abstract: The speaker will initially introduce the transportation related problems that are being faced in our cities. Increasing private vehicle ownership, diminishing public transport accessibility, wide spread urban sprawl, congestion on roads as well as inside public transport vehicles, associated externalities and inequality are highlighted with examples. The speaker then brings in the concept of sustainability in transportation planning and explains the confusion prevailing in whether to address accessibility or mobility while carrying out urban renewal projects in our cities. Some of the current concepts and policy instruments available in achieving the desired modal shares in our cities are then explained. Various options available in public transport systems with their characteristics are highlighted. The concept of perceived generalised cost of travel and how to arrive at an accessibility index to address the issue of equity in transportation planning is explained. How the current national transport policy and the smart cities project are trying to achieve sustainable transportation in our cities is then highlighted. The talk is concluded by listing the opportunities available and the challenges to be overcome to set the direction of transportation development towards sustainability.

About the Speaker: Dr. K V Krishna Rao is a Professor of Civil Engineering at Indian Institute of Technology Bombay. He has over 30 years of teaching, research and consultancy experience in Transportation Engineering. He completed his PhD in Urban Transportation Planning in 1996 and Masters in Transportation Engineering in 1986, both from Indian Institute of Technology Madras, India. His research interests include sustainable urban transportation planning, travel demand modelling, land use transport modelling and traffic analysis and design. He has supervised 12 Ph.D. theses and 75 M.Tech. dissertations so far and completed several sponsored research and consultancy studies in his areas of research. His contribution in the preparation of master plans for metro rail systems in the cities of Mumbai, Navi Mumbai and Pune are noteworthy. He has also contributed majorly in the just concluded sponsored research work for the development of an exclusive highway capacity manual for India. He has several publications in refereed international journals and conferences. He has served also in several administrative positions at IIT Bombay. Currently he is the head of civil engineering department, IIT Bombay. He has served as Vice-Chairman of the prestigious Joint Entrance Examination (JEE) for the year 2005. He has served as Associate Dean and Dean of Infrastructure Planning at IIT Bombay during 2006 to 2012 and implemented much needed building infrastructure adopting green norms. He was conferred with Excellence in Teaching Award in 2008, 2012 and 2016 by IIT Bombay. He is a member of professional bodies like ASCE, IRC, WCTRS, etc., and represented on several technical committees of Government Agencies. Dr. Rao is the Director of the 15th edition of World Conference on Transport Research (WCTR 2019) which will be held at IIT Bombay, Mumbai, India during 26-31 May 2019.

PROGRAMME PROCEEDINGS
EXPERT LECTURE BY Dr.Hippu Salk Kristle Nathan

Good afternoon to one and all. On behalf of Potti Sriamulu chalavadi mallikarjuna Rao college of Engineering & Technology I extend a warm welcome to Management , Committee members, Principal, Staff, Students, Press and Media to the Expert lecture on "SIMPLE YET POWERFUL IDEAS FOR INDIA'S POWER SECTOR"

with these few words,

I take the privilege to invite our Head of the department of EEE Sri Y. Rajendra babu garu, to come on to the dais.

Thank you sir,

Now it's my pleasure and privilege to invite our treasurer Sri **K.Venkateswara Rao** garu to come on to the dais.

Thank you sir,

It gives me immense pleasure to invite Sri G.Niyanta Garu Director of Gora Science Centre to come on to the dais.

Thank you sir,

Now I invite Ms.Vinythna of III EEE to introduce today's guest

THANK YOU VINUTHNA

It gives me immense pleasure to call upon today's guest **Dr.Hippu Salk Kristle Nathan Assistant professor at national institute of advanced studies Indian Institute of science Bangalore**, on to the dais.

so, let us welcome him with a big round of applause

Thank you Sir,

Now I request Sri Y. Rajendra Babu garu Head of the Department to give his Valuable speech.

Thank you Sir,

Now I request our treasurer Sri k.venkateswara rao garu to give his Valuable speech.

Thank you Sir,

REPORT ON "Transmission Planning with Renewable"

The "Transmission Planning with Renewable" program is conducted in the department of electrical and electronics Engineering for II, III & IV EEE students on 28/12/2017. The resource person Dr.Radha Soorya, Associate Director, Navigant Power Corporations, USA made the expert lecture sessions lively and gave important information to the students regarding career opportunities in this area. Around 240 students have registered for the workshop and utilize the opportunity.

ABOUT THE COLLEGE

Potti Srimulu Chalavadi Mallikarjuna Rao college of Engg & Tech is located in spacious area has an aesthetically designed and elegantly built campus. It is fully furnished with the state of the art facilities providing an ambience that motivates the students to grow as technically superior and enlightened engineering professionals.

The college is managed by Sri Kanyaka Parameswari Vissamsetty Venkataratnam Hindu High Schools Committee. It is a society formed in the year 1906 by a group of philanthropists belonging to business community of Vijayawada, Krishna district. The committee since then has been managing several educational institutions for the benefit of the poor and the needy.

The college started its UG Engineering courses in the academic year 2008-09. The current courses Civil, CSE, ECE, EEE, Mech branches, within a short period it has emerged as one of the leading and prestigious institutions attracting students from different parts of the state. Highly qualified, well experienced and dedicated faculty members are the assets of the college. The college started its first year PG Course in MBA in the academic year 2009-10, which emerged as one of the prestigious wings of the college.

The intake of the college in different UG & PG Programmes is given below:

UG Courses:

1. Computer Science and Engineering	- 120
2. Electronics and Communication Engineering	- 120
3. Electrical and Electronics Engineering	- 60
4. Civil Engineering	- 60
5. Mechanical Engineering	- 120

PG Courses:

1. Master of Business Administration	- 180

2. Mechanical Engineering	- 60

ABOUT CSE DEPARTMENT

Established in the year 2008, the department offers B.Tech programme in Computer Science & Engineering with an intake of 120. The department aims at implanting the spirit of ingenuity, innovativeness and technical competency in the students to regular guidance. All faculty members actively involve in teaching and research work. An exclusive R & D Centre was established for carrying out research activities in the department. The department has the state of the art laboratory facilities.

About Workshop:

Why do we organise this seminar on blockchain technology?

Blockchains are one of the most important technologies to emerge in recent years, with many experts believing they will change our world in the next two decades as much as the internet has over the last two. A blockchain is an anonymous online ledger that uses data structure to simplify the way we transact. Blockchain allows users to manipulate the ledger in a secure way without the help of a third party. The applications for blockchain technology seem endless. While the first obvious ones are financial -- international payments, remittances, complex financial products -- it can also solve problems and create new opportunities in healthcare, defense, supply chain management, luxury goods, government, and other industries.

All major banks are experimenting with blockchain as they can use it for money transfers, record keeping and other back-end functions. Last year, ICICI Bank announced that it successfully executed transactions in international trade finance and remittances using block chain technology in partnership with a Dubai based bank Emirates NBD. Indian IT service providers

like Infosys and TCS have been throwing their weight around blockchain technology. Both these companies are using blockchain mechanism to create core banking platforms for banks.

Objective of the seminar

- Foster understanding of blockchain technology and their business potential for a variety of stakeholders.
- Educate executives and students about blockchain technology.

ప్రచురణార్థం

పాతబస్తీ : 15-07-17

విజయవాడ పస్టోనల్లోని పొట్టి శ్రీరాములు చలవాడి మల్లిఖార్జునరావు కళాశాలలో Block Chain Technology అనే అధునాతన అంశంపై ఒక్క రోజు నెషనల్ లెవల్ వర్క్‌షాప్‌ను కంప్యూటర్ సైన్స్ & ఇంజనీరింగ్ విభాగం వారు కంప్యూటర్ సోసైటీ ఆఫ్ ఇండియా (CSI) వారితో అనుసంధానమై నిర్వహించారు.

ఈ కార్యక్రమానికి ముఖ్య అతిథిగా శ్రీ వి. శ్రీనివాస్ రాజు డైరెక్టర్ అలెక్సా ఇనోవేషన్స్ వారు విచ్చేసి ప్రస్తుత కరెన్సీని విధానంలో దొంగనోట్లు, తప్పుడు లావాదేవీలుకు ఎక్కువగా వుండే అవకాశం ఎంతైన ఉంది కాబట్టి అటువంటి సమస్యలను బ్లాక్‌చైన్ పరిజ్ఞానం ద్వారా సొంత వాస్తవిక కరెన్సీని సృష్టించుకోని సమస్యలకు సులభంగా ముగింపు పలకవచ్చునని ముఖ్య అతిథిగా శ్రీ వి. శ్రీనివాస్ రాజు గారు చెప్పారు.

బ్లాక్‌చైన్ పరిజ్ఞానం అనేది వికేంద్రీకృత లెక్కల లావాదేవీల పుస్తకము ద్వారా వాస్తవిక కరెన్సీని పెంపొందించుకోవటానికి దోహదపడుతుంది. ఈ బ్లాక్‌చైన్ పరిజ్ఞానం ప్రతి ఒక్కరికి ఒక ఎలెక్ డిజిటల్ నెంబర్ వుంటుంది. ఈ నెంబర్ ద్వారా అన్‌లైన్‌లో మూడవ వ్యక్తి ప్రమేయం లేకుండా లావాదేవీలో సురక్షితంగా జరుపవచ్చును. ఈ పరిజ్ఞానం ఒక సురక్షితమైన హ్యాష్ విధానం అవలంబించడం వల్లన లావాదేవీలను ఎవరు కూడా తిరిగి మార్చడానికి వీలు కుదరదని చెప్పారు. ఈ బ్లాక్‌చైన్ టెక్నాలజీని ముఖ్యంగా బ్యాంకులు, ఇన్సూరెన్స్ మరియు వినీయోగదారుల సేవల విభాగంలో ఎక్కువగా ఉపయోగించడం వలన సురక్షితమైన సేవలను అందించవచ్చని చెప్పారు. బ్లాక్‌చైన్ టెక్నాలజీలో లావాదేవీలు ఒక్కదానికి ఒక్కటి అనుసంధానం అయివుండటం వల్లన ప్రమాదవశాత్తు ప్రభుత్వ రంగంలో సమాచారం కొల్పోయిన యెడల తిరిగి సురక్షితంగా ఎట్టువంటి తప్పుడు రికార్డులకు అవకాశం లేకుండా ఎవరికివారు రికవరీ చెయ్యవచ్చుని చెప్పారు. ఈ టెక్నాలజీనందు ఒక్క నిఘూడమైన హ్యాష్ నిర్మాణాత్మకం ఉండటం ద్వారా లావాదేవీలు జరిపే వ్యక్తులను డైరెక్టుగా బ్లాక్‌చైన్ ద్వారా నిర్ధారించవచ్చు. మరణ - జనణ దృవీకరణ పత్రాలను బ్లాక్‌చైన్ టెక్నాలజీ విధానం ద్వారా మరింత సురక్షిత సేవలను అందించవచ్చునని చెప్పారు. భవిష్యత్‌లో ప్రతిఒక్క సర్టిఫికేట్‌ను బ్లాక్‌చైన్ ద్వారా డిజిటలైజ్ చేసి నకీలిని సమూలంగా ప్రక్షాళనగావించవచ్చునని శ్రీ వి. శ్రీనివాస్ రాజు గారు తెలియజేశారు.

ఈ కార్యక్రమంలో పాల్గొన కళాశాల ప్రిన్సిపాల్ డా॥ కె. నాగేశ్వరరావు గారు మాట్లాడుతూ విద్యార్థులకు మరియు సమాజాభివృద్ధికి బ్లాక్‌చైన్ టెక్నాలజీ ఎంతో దోహదపడుతుందని తెలియజేశారు. రాబోయే కాలంలో విద్యార్థులు ఎక్కువ ఉద్యోగ అవకాశాలను బ్లాక్‌చైన్ టెక్నాలజీ ద్వారా పొందుతారని చెప్పారు.

ఈ సదస్సులో కళాశాల కోశాధికారి కొత్తమాసు వెంకటేశ్వరరావు గారు, కమీటీ మెంబరు దత్త సుబ్బారావు గారు, కంప్యూటర్ సైన్స్ & ఇంజనీరింగ్ విభాగాధిపతి ప్రొఫెసర్ ఎ. పంతాజలి శాస్త్రీ గారు, కంప్యూటర్ సోసైటీ ఆఫ్ ఇండియా స్టూడెంట్ కో ఆర్డినేటర్ ఇమ్మడి మురళీకృష్ణ గారు, బి.హనుమంతు రావు గారు, కంప్యూటర్ సైన్స్ & ఇంజనీరింగ్ ఉపాధ్యాయుని ఉపాధ్యాయులు, విద్యార్థులు మరియు వివిధ కళాశాల ఉపాధ్యాయుని ఉపాధ్యాయులు తదితరులు పాల్గొన్నారు.

Mr.P.Hari om

Founder &CEO
of Fopple Technologies Pvt Ltd

A Two-day workshop on "Innovative Methods of 3D Printing" was organized by Department of CSE during 21st Feb 2018 to 22nd Feb 2018. The students have participated with enthusiasm and shown mere interest to learn this new technology and hands on sessions. The FOPPLE Technologies Pvt Ltd., has a proven record of implementing the course and helped to understand practically in this technology for various colleges and institutions across India. The students of CSE have gained the knowledge on Software used in 3D and hands on sessions were impressive and brought bright interest in the minds of students to pursue this technology as their career. The IEI Chapter of our college is continuing to organize this kind of workshops to bring the trending technologies to the home of our students.

Introduction and schooling :-

MR. Ambula Gopi Raja born in kankipadu village for Ambula venkata Rama Rao and baby sarajoni , he done his schooling in Sri Viswashanthi vuyyuru till 10 class

Interesting points in schooling :-

from small age onwards having lot of innovative ideas had participated in different science projects and project expos some of his science projects is hydraulic JCB, hydraulic bridge , volcano.

Later he joined in viswashanthi junior college in vuyyuru for intermediate and completed in 2014.

He joined in KL UNIVERSITY for Bachelor of technology in Electrical Electronics Engineering.

He made a start up for the company **FOPPLE Technologies Pvt. Ltd** in his 2nd year of B. Tech Study. The company Consisting of Drone Manufacturing.

Achievements and awards received :

- Achieved "University 1st" in project expo in 1st year
- Achieved best start up innovation certifier in KL university in 2014
- Designed agricultural drone in 2016
- Received **1 lake cash** award for the agricultural drone and for the start up **FOPPLE Technologies Pvt. Ltd** at august fest

Seminar on Intellectual Property Rights: 21st march 2018 To 23rd march 2018

PSCMR college is organizing a Three days Seminar on Intellectual Property Rights at Campus. The Seminar is intended to cover various aspects of IPR like Patents, Copyrights, Trademarks, etc. The technical sessions will be led by the speakers having thorough knowledge in the subject who have been practicing in the field for many years. The expected participants of the program include Scientists, Research Scholars, Small & Medium Enterprise (SME) and Grass Root Innovators.

This Seminar would focus on:

- Importance and scope of IPR
- Intellectual property rights Implications on Innovations
- Patents: Introduction, Filing, Prosecution & Registration Process
- Copyrights: Introduction, Filing, Prosecution & Registration Process

Seminar on Intellectual Property Rights: 10th oct 2017 To 12th oct 2017

Intellectual Property Rights (IPR) plays a vital role in enhancing the socio-economic prosperity of the country. Creativity and innovation are new drivers of the world economy. With the increasing relevance of Intellectual Property (IP) in this era of globalization, it is important to recognize the role which IP systems play in the growth of the Nation. Thus, there is a need to create large public awareness about the pivotal role of IPR in globalized knowledge economy. With the view to create awareness on the significance of IPR to the people from various sectors in the Country, PSCMR college is organizing a Three days Seminar on Intellectual Property Rights at Campus. The Seminar is intended to cover various aspects of IPR like Patents, Copyrights, Trademarks, etc. The technical sessions will be led by the speakers having thorough knowledge in the subject who have been practicing in the field for many years. The expected participants of the program include Scientists, Research Scholars, Small & Medium Enterprise (SME) and Grass Root Innovators.

This Seminar would focus on

- IPR Basics & Importance
- Importance and scope of IPR
- Intellectual property rights Implications on Innovations
