**DISTRIBUTION OF BLANKETS AND FRUITS TO THE HOSTEL
STUDENTS**

**A Report on DISTRIBUTION OF BLANKETS AND FRUITS TO THE HOSTEL
STUDENTS:**

Date: 11-09-2013

We organize the distribution of blankets and fruits to the hostel students on 11-09-2013. We as an organization strongly feel about destitute and for us nobody should suffer the lack of clothes and food is organized by Department of electrical and electronics engineering, PSCMR COLLEGE OF ENGINEERING TECHNOLOGY, Vijayawada in association with PSCMR CET at 10:00AM. As we are born, weather is sensitive for everyone, everybody feels heat, cold and rain. So just because they are poor we don't want they should suffer- because for us all human life is sacred. These camps are very often and have its own importance. This Programme was Organized by Dr.Y.rajendra Babu,. In this camp Students and Faculty of EEE departments has been actively participated with Vivacity. Dr.Y.rajendra Babu, Assistant Professor conducted the camp with the help of Students, given his positive support and help in organizing this camp.

A Report On Dental Checkup:

The camp was initiated with dental awareness talk, educating students about common dental ailments, especially stressing on tooth decay and gum diseases and measures to prevent from them. The students were highlighted about the eating patterns and food choices which cause tooth decay. The surgeons also highlighted about the possible formation of harmful acid which develops when bacteria (plaque) get in contact with sugar in the mouth which ultimately results in tooth decay. “Added sugars often are present in soft drinks, candies, cookies, pastries and therefore to help control the consumption of sugar one must read the food labels and choose the right foods and beverages that are low in added sugar”, the dental surgeons added.

On the Occasion of Dental camp on 10th April 2015 a camp was organized by Department of Management Studies, PSCMR CET in association with Dentys at 11:00 AM to 2:00 PM. This Camp was inaugurated by Dr.P Vijay Kumar,.In this camp the number of Volunteers of different departments have been actively participated with Vivacity. Mr.J Naveen Gupta, Assistant Professor conducted the camp with the help of Dr.P.Vijay Kumar have given their positive support and help in organizing the Dental Checkup camp.73 students and 15 faculties are participated in the event.

ENERGY CONSERVATION DAY

A Report on ENERGY CONSERVATION DAY:

Date: 14-12-2016

We organize the National Energy Conservation Day is marked every year in India on 14-12-2016 is organized by Department of electrical and electronics engineering, PSCMR COLLEGE OF ENGINEERING TECHNOLOGY, Vijayawada in association with PSCMR CET at 10:00AM to 04:00 PM. This Programme was organized by Dr.Y.rajendra Babu. In this camp Students and Faculty of different departments has been actively participated with Vivacity. Mr. P.Manoj Kumar , Assistant Professor conducted the camp with the help of Students, given his positive support and help in organizing the National Energy Conservation Day camp. In this event overall 500 students from different branches and 10 faculties of EEE department are participated.

A Report on Blood Grouping:

A blood group is commonly performed as part of a group of tests. These tests include ABO and RhD blood groups, a blood group antibody screen and a cross match. There are over 200 different blood groups known. The most important ones are the ABO and the RhD blood groups. These are routinely determined prior to transfusion and during pregnancy. These two blood group systems also determine the eight most common blood types: A Positive, A Negative, O Positive, O Negative, B Positive, B Negative, AB Positive and AB Negative. The ABO blood groups are extremely important when receiving a blood transfusion. There are some blood groups (e.g. group O Negative, the 'universal donor') that can be given to almost any other person. However other blood groups (e.g. group AB) must only be transfused to people of the same blood group in order to prevent a potentially fatal transfusion reaction.

On the Occasion of Blood Group Identification on 28th Aug 2017 a blood camp was organized by Department of Management Studies, PSCMR COLLEGE OF ENGINEERING TECHNOLOGY, Vijayawada in association with Red Cross Society at 10:00 AM to 4:00 PM. This Camp was inaugurated by Dr.K.Harika, Red Cross Society. In this camp Students and Faculty of different departments has been actively participated with Vivacity. Mr. J Naveen Gupta, Assistant Professor conducted the camp with the help of Dr. K. Harika,,Red Cross Society, have given their positive support and help in organizing the blood camp. Totally 411 student form different departments and 15 faculty are participated

HIV AWARENESS CAMP

Academic Year: 2017-2018

Date: 10/03/2018

Report On HIV Awareness Camp

The HIV Awareness programme conducted on 10/03/2018, to focus attention on the importance of knowledge, attitude, and behavior regarding HIV/AIDS among the people. This study highlights an overall satisfactory level of knowledge on all aspects of HIV except treatment. Students adopting risky lifestyle showed a varied pattern of awareness. Information dissemination should be designed in such a way as to bring about healthy behavioral change targeting the risky lifestyle group. A regular assessment of attitude and level of awareness towards HIV/AIDS is essential to design changes in future educative programmes.

POLYTECHNIC DEPARTMENT

RALLY FOR RIVERS

Academic Year: 2017-2018

Date: 04-12-2017

1. Preamble:

India's rivers are undergoing a drastic change. Due to the pressures of population and development, our perennial rivers are becoming seasonal. Many of the smaller rivers have already vanished. Flood as well as drought are becoming increasingly frequent, as rivers turn unruly during the monsoon, and vanish once the rainy season is over.

2. Activity/Program: RALLY FOR RIVERS

Report on Clean and Green Program: 22-08-2017

As our college is located amidst residential area, it is very common that local people throw waste papers indiscriminately which makes our campus fill our surroundings are Clean and Green Program”. An initiative group of teachers along with students who are on a mission to make the surroundings neat, clean and green has clean the surrounding lanes of the college, as the PSCMRCET is in between thickly populated residential area, where the garbage is thrown frequently on roads. Our faculty-Mr. J.A.V.Ravindra Babu, Dr. A. Rama Devi, Mr. Sk. Areef, Mr. D. Ratna Babu, Ms. S. Sravya and Ms. T. Shanti Sree along with 94 students of I B. Tech. participated in the event.

Date:28-08-2017

A Report on Blood Grouping:

A blood group is commonly performed as part of a group of tests. These tests include ABO and RhD blood groups, a blood group antibody screen and a cross match. There are over 200 different blood groups known. The most important ones are the ABO and the RhD blood groups. These are routinely determined prior to transfusion and during pregnancy. These two blood group systems also determine the eight most common blood types: A Positive, A Negative, O Positive, O Negative, B Positive, B Negative, AB Positive and AB Negative. The ABO blood groups are extremely important when receiving a blood transfusion. There are some blood groups (e.g. group O Negative, the 'universal donor') that can be given to almost any other person. However other blood groups (e.g. group AB) must only be transfused to people of the same blood group in order to prevent a potentially fatal transfusion reaction.

On the Occasion of Blood Group Identification on 28th Aug 2017 a blood camp was organized by Department of Management Studies, PSCMR COLLEGE OF ENGINEERING TECHNOLOGY, Vijayawada in association with Red Cross Society at 10:00 AM to 4:00 PM. This Camp was inaugurated by Dr.K.Harika, Red Cross Society. In this camp Students and Faculty of different departments has been actively participated with Vivacity. Mr. J Naveen Gupta, Assistant Professor conducted the camp with the help of Dr. K. Harika,,Red Cross Society, have given their positive support and help in organizing the blood camp. Totally 411 student form different departments and 15 faculty are participated
