MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (herein after referred to as MoU) is entered into on this 26th of November 2010 between CSE & IT Departments, under POTTI SRIRAMULU CMR COLLEGE OF ENGINEERING & TECHNOLOGY, # 7-3-6/1, Raghava Reddy Street, Kothapeta, Vijayawada - 520 001, Andhra Pradesh herein referred to as (PSCMRCET), and IBM India Private Limited ('IBM') located at Subramanya Arcade 1, Bannerghatta Road, Bangalore. The scope of the MoU, the roles and responsibilities of the parties of the MoU are given below:

Alliance Objective

This document outlines a strategic understanding between IBM and PSCMRCET to work together to offer the University Program. The primary aim of this partnership is to aid PSCMRCET in establishing a high quality people repository in software technologies. This will help PSCMRCET teach and train their students on strategic technologies and to position them to support India's Information Technology initiative.

As opposed to a one time implementation, this is a strategic initiative and requires the total commitment of both IBM and PSCMRCET. The University Program initiative would allow PSCMRCET, one of the foremost institutions in India in the field of Education, and imparts training, among others in Computer Applications and Information technology faculties, to design world-class curriculum capable of delivering high caliber IT skills required in the fast changing IT marketplace.

NOW THIS MoU WITNESSETH AS FOLLOWS:

DEFINITIONS AS USED IN THIS MoU:

"MoU" means this instrument executed by IBM and PSCMRCET, and subsequent amendments issued to the MoU by mutual consent as provided herein.

"Program" means the University Program that is the subject of this MoU.

"Software" or "Product" means the IBM computer software packages identified for introduction in the Program, refer Annexure "A"

"Curriculum" means the IBM Course that is integrated with the PSCMRCET's Main Course, elective or Projects.

1. BENEFITS TO THE PSCMRCET

- 1.1 Opportunity to emerge as one of the competent entities in the academic circles in research and development in the area of Information Technology;
- 1.2 Opportunity to be recognized by the industry and academic circles as one of the preferred locations for acquiring training and skills development in latest technology and software
- 1.3 Opportunity to utilise the Program to train students on IBM Software products and technologies.

K. S. S. S.
PRINCIPAL

Potti Sriramulu College of Engineering & Technology
Kothapet, VIJAYAWADA-520001.

- 1.4 Opportunity for the faculty and students of PSCMRCET to design world class curriculum capable of delivering the caliber of IT skills required at present and also for the future
- 1.5 Opportunity for students to avail IBM Certification, which is valid across the globe through the Sylvan Prometric Testing Centre.

1.2 Benefits to IBM

- 1.2.1 Creation of a resource pool of IBM Software professionals to boost the existing skill level in the country.
- 1.2.2 Inclusion of IBM Software and technologies in the course curriculum of PSCMRCET
- 1.2.3 Availability of skilled students from the Program for projects which would benefit IBM Customers as well as the Business Partners of IBM.

2. RELATIONSHIP BETWEEN THE PARTIES

- 2.1 Neither PSCMRCET nor IBM is or will be an agent or legal representative or partner of the other. Neither of them is or shall be responsible for the debts incurred by the other or be bound by any contracts or representations made by the other or any obligations undertaken by the other. Neither of them is or shall be an employee or franchisee of the other, nor does this MoU create a joint venture or any similar relationship between them.
- 2.2 Neither party will make any representations pertaining to the other or its business or affairs, without the express prior written consent and approval of the other.

3. Areas of Collaboration

3.1 IBM

- 3.1.1 Software as mentioned in Annexure A made available to the PSCMRCET.
- 3.1.2 Curriculum design as agreed with IBM

3.2 PSCMRCET

- 3.2.1 Setting up, operating & maintaining the infrastructure required for training.
- 3.2.2 Promotion of the IBM Software Certification Program among the students; The costs for the same to be borne by the student.
- 3.2.3 Making available faculty, as per mutual convenience, for conducting training on site or customer premises on Payment Basis.
- 3.2.4 Supporting IBM in conducting fests/competitions for students in the college.
- 3.2.5 Maintenance of trained faculty members for training on IBM technology.

4. MONITORING OF IMPLEMENTATION

A Co-ordination Committee consisting of two faculty members of PSCMRCET and two officers nominated by IBM will do the planning and monitoring of the implementation of the various aspects of this MoU. There will be an annual review. This review would primarily focus on the curriculum progress, faculty availability and certification.

5. INTELLECTUAL PROPERTY

Title to the intellectual property rights of the software furnished by IBM will at all times remain proprietary to IBM, which however, hereby grants to PSCMRCET, non-exclusive, royalty-free license to use the same internally. The software's being provided to PSCMRCET through this MoU shall be governed by the applicable licence agreements of the respective softwares. PSCMRCET unconditionally agrees to comply with such terms and conditions.

6. LIMITATION OF LIABILITY

Under no circumstances is IBM liable for PSCMRCET's loss of, or damage, to records or data, as also claims for special, incidental, or indirect damages or for any economic consequential damages (including loss of profit or savings) even if IBM is informed of its possibility.

7. GENERAL

1. This MoU may be terminated by either party through a notice of one month. Either party may terminate this MoU if either of the parties is frustrated by reasons beyond its control from going ahead with the implementation of the provision of this MoU. The provisions contained in Clauses 5 ("Intellectual Property Rights"), 6 ("Limitation of Liability") and 7 will survive any such termination.
2. Neither parties will make any presentations pertaining to the other or its business or affairs, without the express written consent and approval of other.
3. It is understood that during the course of this MoU it may be necessary for either party to disclose confidential/proprietary information to the other. The disclosure of any such information or data between the parties shall be made pursuant to an executed Confidentiality Agreement.
4. All costs incurred by a party pursuant to this MoU shall be borne by the party who incurred the costs.
5. There shall be no liability on the part of any party to the other arising from the termination of this MoU.
6. This MoU is not binding on either of the parties hereto, except as specifically set out hereto. This MoU is intended to express the broad understanding of the parties and as a broad framework for working together on a specific opportunity as detailed herein.
7. The terms of the applicable software license agreements and terms relating to confidentiality under this MoU shall survive the term of the MoU.

8. Neither party may use the other's corporate name or any trade mark or name or any other items or assets protected by intellectual property rights, including but not restricted to, use in any promotional material, press releases, advertisements, communications, stationery, web sites, or the like.
9. The IBM software programs offered under the said MoU are for the specific purpose set forth in the MoU, namely for training the bonafide students of the University on IBM software, and not for any other commercial purposes.
10. Neither party will disclose the existence, or the terms and conditions, of this MoU or any information connected with it or any information received from the other or otherwise during the implementation of this MoU or its subsequent amendments, if any, except as may be required by law or on a strictly "need-to-know" basis for the purpose of implementing this MoU, or its subsequent amendments, if any, unless express prior written consent of the other party shall have been obtained in advance.
11. Save for their respective rights and obligations relating to Intellectual Property Rights (including the ownership of the Intellectual Property) as mentioned in Clause herein above, neither party is liable to the other for any damages or claims.
12. Unless previously consented to by both parties, there shall be no assignment of any interest under this MoU by any party hereto.
13. The laws of the Republic of India shall govern this MoU.
14. This MoU supersedes all proposals or other prior representations or communications, either oral or written.
15. All communication between the parties shall be in writing and in English Language.

FACILITIES AGREEMENT

THIS FACILITIES AGREEMENT ("this Agreement") is made effective as of the Effective Date (specified in Schedule 1) by and between Tata Consultancy Services Limited, a company incorporated under the Companies Act 1956, with its corporate office located at: TCS House, Raveline Street, 21 D. S. Marg, Fort, Mumbai 400001, hereinafter referred as 'TCS' (which expression shall include its successors and assigns) and the Party specified in the Schedule 1 to this Agreement hereinafter referred as a 'LISP' (which expressions shall, unless the context requires otherwise, include its successors and permitted assigns) for end to end infrastructural support for work as defined in the Scope of Services below. In this Agreement, TCS and LISP are collectively referred as "Parties" and individually as a "Party".

WHEREAS

- a) TCS has certain shared software applications ("TCS Application System") which will be accessed/used by its customers ("Services").

NOW THIS AGREEMENT WITNESSETH AS FOLLOWS:

1. Definitions:-

"Authorized Personnel" means only those individuals (working for and on behalf of TCS), who have a bona fide need to have access to Facebook in connection with the use of Services by Customer under this Agreement.

"Confidential Information" shall mean and include all business strategies, plans and procedures, proprietary information, software program, documentation, tools, processes, methodologies, data and trade secrets, information relating to customers, employees, or business partners, and any other confidential or proprietary information and materials of the Disclosing Party, its affiliates, clients or suppliers that may be received or obtained by the Receiving Party as a result of the Agreement.

'Customer' shall mean the customer or customers of TCS to whom TCS is required to render Services from or using the Facilities.

"Facilities" shall mean the facilities as set out in Clause 1 on Schedule 2.

"LISP" shall mean Local Infrastructure Service Provider

"Location" shall mean the locations or places of the LISP as specified in Schedule 1 where the Facilities shall be made available to LSPs.

LISP Hardware shall mean the hardware listed in Clause 2 in Schedule 2 and made available by the LISP to TCS for use during the Usage Period communicated by TCS.

"Term" shall mean the term as set out in the Schedule 1

Usage Period: For LISP Hardware, it is the period when TCS shall utilize the Facilities for its business requirement which shall be obtained under the relevant Work Order by TCS to the LISP. In case of a change in the Usage Period, such revised Usage Period shall be notified by TCS from time to time through a written notice to the LISP.

Scope of Service: TCS requires an end to end infrastructure support to use the Facilities as set out in Clause 1 of Schedule 2 during the Usage Period for the Term of this Agreement. This Agreement is to ensure outsourcing of the work for conduct of the exam however the consideration for the same is being determined on usage basis of the facilities used as per Clause 3 in Schedule 2. From time to time TCS shall notify the LISP of its requirement to use the Facilities prior to the commencement of the Usage Period. This will be done by TCS by issuing specific Work Orders. Facilities shall be made available for exclusive use of TCS during the Usage Period as communicated by TCS. TCS has the right to postpone the Usage Period which shall be notified to the LISP as stated in this agreement. LISP understands and agrees that time is of the

essence of this Agreement and in the event of non-availability of the Facilities during Usage Period, TCS and its Customers would incur irreparable loss and damage both financial and reputational. LISP acknowledges that LISP shall make good such loss suffered by TCS and its Customers.

2. Term and Renewal: This Agreement is effective during the Term as set out in Schedule 1 unless terminated earlier in accordance with the provisions of this Agreement.

3. **Obligations of the LISP:** - LISP shall make available the Facilities in working condition to TCS for the Usage Period throughout the Term. LISP shall allow free access to the Location and the Facilities to TCS and its Customers and shall assist and cooperate with TCS to enable TCS to render Services to its Customers. LISP shall also ensure that Location is free of disturbance while TCS is using the same. In the event, the LISP has agreed to provide personnel as part of Facilities, the LISP shall ensure that such personnel have necessary expertise as required by TCS. LISP shall ensure that the power supply and its back up in form of diesel generator is available and is in working condition along with availability of fuel, back up electrical cables, electronic, as stated in Schedule 2 of this Agreement. LISP shall ensure that all services to be networked and network connectivity is available as per TCS as mentioned in Schedule 3. LISP shall at all times comply with applicable Facilities and/or Location related statutory laws, rules, regulations or policies including confidentiality and data protection laws under this Agreement. LISP shall also procure and maintain the required approvals, permission, consent throughout the term of this Agreement. LISP shall also obtain written consent from TCS before undertaking any maintenance activity with respect to a facility which may jeopardize the timelines as stated in the Work Order issued by TCS to the LISP. LISP shall also on regular intervals attend when required by TCS or by applicable statutory authorities as provided prior for compliance with all applicable laws, regulations or policies and any such approvals, permission, consents LISP shall procure for Facilities for exclusive use by TCS during the Usage Period.

4. Fees: - TCS shall pay Fees to LSP as per Clause 3 in Schedule 2 after deduction of applicable tax at source. TCS shall provide LSP certificate in prescribed format for such deduction. All Fees payable under this Agreement shall be exclusive of applicable taxes and charges.

5. **Representation and Warranties**- Each Party hereby represents and warrants and covenants to the other that it is a duly organized and valid, existing and in good standing under the laws of its country, and shall comply with all applicable laws, and it has the necessary authority, to enter into this Agreement and to perform all the obligations (including providing Facilities) under the Agreement, and that this Agreement constitutes a legal, valid and binding obligation on and by its execution, delivery and performance of this Agreement does not and will not conflict with or constitute a breach or default under, is a matter of organization, or a contract or an instrument to which it is a party. Further, LSP warrants that all the Facilities provided as per Schedule 2 are in working condition throughout the

charges, taxes etc with respect to Facilities provided to TCS and shall be liable to pay any such applicable fees, charges, taxes etc during the term of this Agreement. LISP shall indemnify, defend and hold harmless TCS and the Customer from and against any and all liabilities, damages, claims, fines, penalties, and expenses of whatever nature arising or resulting from breach of the aforesaid warranties or from the violation of any laws, rules, regulations or statutory requirements.

6. Limitation of Liability:- TCS shall not be liable to the LISP for any special, indirect, incidental, consequential (including loss of revenue and/or profit), exemplary or punitive damages, whether in contract, tort or other theories of law, even if TCS has been advised of the possibility of such damages. The total cumulative liability of TCS under this Agreement shall not exceed in aggregate the amount paid by TCS to the LISP under this Agreement.

7. Confidential Information:- Each Party receiving the Confidential Information (the "Receiving Party") acknowledges and agrees to maintain the confidentiality of Confidential Information provided by the other Party (the "Disclosing Party") hereunder. The Receiving Party shall not disclose or disseminate the Disclosing Party's Confidential Information to any person other than those employees, agents, contractors, subcontractors and licensees of the Receiving Party, or its affiliates, who have a need to know it in order to assist the Receiving Party in performing its obligations, or to permit the Receiving Party to exercise its rights under this Agreement. The provisions of this Clause with respect to Confidential Information shall not apply to the extent, that such Confidential Information is: (a) already known to the Receiving Party free of any restriction at the time it is obtained from the Disclosing Party; (b) subsequently learned from an independent third party free of any restriction and without breach of this provision; (c) is or becomes publicly available through no wrongful act of the Receiving Party or any third party; (d) is independently developed by the Receiving Party without reference to or use of any Confidential Information of the Disclosing Party; or (e) is required to be disclosed pursuant to an applicable law, rule, regulation, government requirement or court order, or the rules of any stock exchange. Upon the Disclosing Party's written request at any time, or following the completion or termination of this Agreement, the Receiving Party shall promptly return to the Disclosing Party, or destroy, all Confidential Information of the Disclosing Party provided under or in connection with this Agreement, including all copies, portions and summaries thereof.

8. Intellectual Property Rights:- LISP agrees that TCS Application System, deliverables and work products created or developed by TCS or its employees, representatives etc. using TCS Application System and/or Facilities under this Agreement, together with any associated copyright and other intellectual property rights, shall be the sole and exclusive property of TCS. TCS is allowed to use the name and address of the LISP which may be necessary to render the Services to its Customers.

9. Termination :- (10.1) Termination for convenience by TCS. TCS is entitled to terminate this Agreement by giving fifteen (15) days prior written notice to the LISP. It is acknowledged and agreed between the Parties that LISP does not have right to terminate this Agreement for convenience. In the event if LISP terminates this agreement for convenience, the same shall be construed as material breach of this Agreement and TCS shall have the right to claim appropriate damages under the Law and this contract.

(10.2) Termination for Material Breach. Either Party may terminate this Agreement immediately by a written notice to the other Party in the event of a material breach which is not cured within thirty days of the receipt of the said notice period. Failure of LISP to abide by the Service Levels and denial of access by LISP to TCS on the Facilities shall be termed as material breach and the Agreement shall immediately be terminated by TCS.

(10.3) Effect of termination. Either party shall return to other party any of other party's confidential and proprietary information and material in its possession. LISP agrees that in the event of expiry or termination of this Agreement for any reason, any accepted and unexecuted Work Order shall be executed by the LISP and all the obligations under such Work Order shall be performed by the LISP.

10. Miscellaneous:- (11.1) Independent Contractors and Assignment. LISP shall not assign or transfer this Agreement or any obligations hereunder to any third party, without the prior written consent of TCS.

(11.2) Change Request: Any changes to this Agreement shall be in the form of change order ("Change Request") as attached in Schedule 4 and shall be signed by both Parties.

(11.3) Governing Law, Dispute Resolution and Jurisdiction. This Agreement shall be governed by and interpreted in accordance with the laws of India. All disputes arising between the Parties, out of this Agreement shall be referred for arbitration to a sole Arbitrator to be mutually agreed upon and proceedings shall be governed by the Arbitration and Conciliation Act 1996. The venue and seat of arbitration shall be Mumbai. Subject to arbitration, the courts in Mumbai shall have exclusive jurisdiction.

(11.4) Entire Agreement. This Agreement sets forth the entire understanding of the Parties and supersedes all prior agreements and understandings between the Parties, with respect to the subject matter hereof.

(11.5) Notice:- Any notice in connection with this Agreement shall be in writing in English and delivered by hand, facsimile, email (as specified in the Work Order) registered post or courier of international repute to the address mentioned in the introduction clause or any other address as may be informed to each other in writing by the Parties.

IN WITNESS WHEREOF, the Parties hereto have caused this Agreement to be executed by their duly authorized representatives

Date: 16/05/2019

This is to express thanks and appreciation to **Prof. Bhimi Reddy**, for spreading awareness and holding Software Training workshops at **Potti Sriramulu Chalavadi Mallikarjuna Rao College of Engineering and Technology, Andhra Pradesh**.

You are making an outstanding contribution of using ICT based teaching and learning methodology for students of Andhra Pradesh from last three years. Your contributions to the implementation of Spoken Tutorial Project are significant and have played a part in it becoming fastest growing NMEICT Project. Your excellent skills and courteous personality has helped tremendously in spreading awareness of Spoken Tutorial IIT Bombay.

I would like to personally thank you for contributing to the software training and awareness events in your Institute.

This work was done in association with the Spoken Tutorial IIT Bombay. As part of the National Mission on Education through ICT, funded by MHRD, Govt. Of India.

I am sure that we will continue to get your continued support for making India IT literate and spreading project existence in state of Andhra Pradesh.

Thanks & regards,

To :

Prof. K. Nageswara Rao, Principal
Potti Sriramulu & Chalavadi mallikarjuna Rao College of Engineering & Technology,
Vijayawada, Krishna Dist - Andhra Pradesh.

23rd Nov, 2015.

Spoken Tutorial Project, IIT Bombay is pleased to welcome PSCMR College of Engg & Technology as a **Knowledge Center** in the district identified. *The project is a part of the National Mission on Education through ICT, MHRD, Govt. of India, to spread IT Competence all over India.* We are confident that your college brings the same vision to enhance the IT literacy in the district. In your role you will -

1. Offer the training to all the students in the college in a time bound and systematic manner by trying as best as possible to use the Computer Lab hours available in the time-table(s)
2. Serve to motivate other colleges in the district to take up the same training.

Spoken Tutorial is an award winning MOOC, a SELF Learning Audio-Video teaching tool which students can use to learn a variety of Open Source Software on their own. *We are ready to support you in your efforts to train students on General IT Skills, Programming and esoteric Software and specialised software for subjects like Chemistry & Biology.* The courses provide employable skills and help improve academic performance. Because of Govt. funding the course, training & certificate will be offered free of cost to all institutions both Govt., and Private.

Knowledge Center (KC) Responsibilities

<u>Responsibility</u>	<u>Activities/ Features</u>
Principal to appoint a Chief Faculty coordinator, 1-2 representative Faculty Coordinators (FC) related to Comp.Sc./MCA/IT and 1-2 Student volunteers - the "KC team"	The KC team will work to - 1. Set up the Cell, 2. Send the time-tables from different depts., for mapping to IITB, ST team, 3. Organise awareness workshops for district colleges, 4. Start the training immediately to their respective depts.,
Chief Faculty Coordinator to set up Spoken Tutorial Training Cell in the college	1. This can be any space in a lab having minimum 10 systems. 2. A colourful banner, posters, brochures, leaflets, Cds etc. Will be sent by the ST, IITB team
Faculty Coordinators will start the training first in one dept. focussing on final year students	1. This can be done in this calendar year and definitely in the coming even Jan 2016 semester, so that graduating students can leave with at least 2-3 software skills and certificates. 2. Each FC will register on the ST website, select the particular software for the semester/s and enroll the students in a Master Batch into the ST website.
Chief Faculty Coordinator to oversee deployment of Spoken Tutorial courses in lab time-tables & syllabus	1. The time-tables will be sent to the ST, IITB state Training Coordinator who will map the lab hours with suitable fit ST software courses. 2. The college depts., will put these courses in print in the time-tables so that it becomes a permanent feature.
The Chief Faculty Coordinator will organise awareness programs & workshops for other colleges in the district	1. These can be 4-5 in a year. 2. The ST, IITB team will send leaflets, brochures etc. For these workshops and also guide with ppts, videos etc. On how they can be conducted. 3. Skype facility can also be used to connect with IITB during the event.
The College will provide its lab facilities to colleges who may not have adequate infrastructure	1. The college can lend its premises and lab facilities to colleges which do not have sufficient systems or internet.

Subject: Expressing intent to participate in e-Yantra Lab Setup Initiative (eLSI)

Dear Sir/Madam,

We understand that the MHRD funded e-Yantra project is facilitating setting up of Robotics labs at engineering colleges with the goal of spreading Embedded systems and Robotics education.

In order to achieve the desired impact, e-Yantra would provide necessary support in the following manner:

1. Conducting workshops for a team of 4 teachers identified by us
2. Training the team of teachers through hands-on experiments in a step-by-step manner through Task Based Training (TBT)
3. Providing support and advice to set up a robotics lab such that by the time the teachers are trained, a robotics lab is set up at our college

On our part, we express our intent to participate in this nation-building effort by committing the following resources:

1. Team of teachers:

Team leader: Mr. S. Pradeep Kumar

e-mail id of Team-leader

Satpradeep@gmail.com

Team members:

Mr. T. Srinisha

Mr. B. Suresh Chandra

Mr. VSRK Prasad. G

2. Funds to set-up a Robotics lab: ----- (Rs. 2L)

3. Creating a Robotics club for students to experiment with the robots

Dear Sir,

[Greetings from e-Yantra for a peaceful and productive 2015! \(Click here\)](#)

As you are aware, e-Yantra is a project supported by MHRD through the National Mission on Education through ICT (NMEICT) to spread Embedded systems and Robotics education in colleges across India.

We invite you and Heads of concerned departments to participate in the e-Yantra Lab Setup Initiative (eLSI) that enables colleges to set up Robotics labs and teach Robotics and Embedded systems in an effective manner. Details of the meeting are given below:

Date/Time: Tuesday, January 27, 2015; 10:30 AM – 01:00 PM (followed by lunch)**Venue:** Conference Hall - I, Guest House, Vignan University, Vadlamudi - 522213.

e-Yantra Lab Setup Initiative (eLSI) is a holistic approach to (i) impart theoretical and programming knowledge to teachers through workshops, (ii) provide hands on training to teachers through regional e-Yantra Robotics Teacher Competition (eYRTC), and (iii) help colleges set up their own Robotics labs.

To know more about this exciting initiative, please refer to the attached pamphlet. Sixteen labs were inaugurated in Mumbai through the eLSI - Pilot phase, on April 5, 2013. Please refer to the article that appeared in Hindustan Times attached herewith. In April 2014, we inaugurated 35 labs at colleges from Delhi, Ichalkaranji, Pune, Chandigarh, Shimoga.

In the current phase, over 60 colleges from Tamil Nadu, Noida and Kolkata have been trained in a two-day workshop and have successfully participated in the e-Yantra Robotics Teacher Competition (eYRTC). Finals of eYRTC and simultaneous lab inaugurations are being held at these 6 regions. **(Visit: www.e-yantra.org)**

Agenda for the meeting:

- e-Yantra: an overview
- What is eLSI? Why is it important for you?
- Discussion of the model and modalities
- Selection of colleges

After the meeting, colleges express their interest to participate in this Nation-building initiative by sending us a Letter of Intent (LoI). Format of the LoI is attached with this mail. (You may bring the LoI, duly signed and stamped to the meeting.)

We look forward to meeting you and launching this initiative successfully in your region. We will greatly appreciate if you can confirm your presence at the meeting **on or before January 21, 2015.**

Respected Sir/Madam,

Greetings from e-Yantra!

We hope you are enjoying working on Task 5 of Task Based Training (TBT-2016). Task 6 which is also the final task will be launched on 14th May 2016.

We have around 75 colleges participating in this phase of eLSI and we are planning to schedule online Valedictory Function and Lab Inaugurations in the **second week of July 2016**. The Valedictory function and Lab Inaugurations will happen completely online through web conferencing with each college assigned a fixed time slot. More details about this will be sent in the due time.

Valedictory function:

This will involve distribution of the Completion Certificates/Proficiency awards i.e Class A/B/C (if eligible) depending on your team's performance in TBT-2016. These awards will be shipped before hand to all the eligible colleges and may be awarded to your team by your respective college officials/ HoD/Principal.

Lab Inauguration:

Colleges that are ready with the lab setup will receive an e-Yantra Signage. This signage will serve as an acknowledgement for the lab as a part of the e-Yantra Lab Setup initiative (**eLSI**) and also identifies the college as a member of the 150+ e-Yantra family of colleges spread across India.

Apart from this, colleges that have setup their labs and also have successfully completed all the tasks of TBT-2016 will receive the **two free robotic kits** for their newly established labs.

We understand that many colleges have started the procurement process and some have also received their equipment.

It is the right time for colleges that have not started the procurement process to start the same, so that all the colleges are ready with the lab setup by the second week of July 2016.

More information about lab setup and procurement of equipment will be sent in the following mail.

If you have any query, please feel free to contact us on support@e-yantra.org or call us on 2576-4986.

Dr.K.N. Rao <principal@pscmr.ac.in>

Respected Sir/Madam,

Greetings from e-Yantra!

We hope you are enjoying working on Task 5 of Task Based Training (TBT-2016). Task 6 which is also the final task will be launched on 14th May 2016.

We have around 75 colleges participating in this phase of eLSI and we are planning to schedule online Valedictory Function and Lab Inaugurations in the **second week of July 2016**. The Valedictory function and Lab Inaugurations will happen completely online through web conferencing with each college assigned a fixed time slot. More details about this will be sent in the due time.

Valedictory function:

This will involve distribution of the Completion Certificates/Proficiency awards i.e Class A/B/C (if eligible) depending on your team's performance in TBT-2016. These awards will be shipped before hand to all the eligible colleges and may be awarded to your team by your respective college officials/ HoD/Principal.

Lab Inauguration:

Colleges that are ready with the lab setup will receive an e-Yantra Signage. This signage will serve as an acknowledgement for the lab as a part of the e-Yantra Lab Setup initiative (**eLSI**) and also identifies the college as a member of the 150+ e-Yantra family of colleges spread across India.

Apart from this, colleges that have setup their labs and also have successfully completed all the tasks of TBT-2016 will receive the **two free robotic kits** for their newly established labs.

We understand that many colleges have started the procurement process and some have also received their equipment.

It is the right time for colleges that have not started the procurement process to start the same, so that all the colleges are ready with the lab setup by the second week of July 2016.

More information about lab setup and procurement of equipment will be sent in the following mail.

If you have any query, please feel free to contact us on support@e-yantra.org or call us on 2576-4986.

Subject: Invitation to set up e-Yantra Robotics Lab in your College

To: <principal@pscmr.ac.in>

Dear Sir/Madam,

MHRD has sponsored by e-Yantra, a project under National Mission on Education through ICT (NMEICT) that enables setting up of Robotics labs in colleges throughout the country and trains teachers to be effective mentors and enthuses students with exposure to embedded systems and robotics through "Project-based-learning". (Please refer <http://www.e-yantra.org>)

e-Yantra provides a two-phase training free of cost to teachers:

- A two-day face-to-face workshop to introduce them to the basic concepts of Robotics and Embedded systems and
- Online training over 3-4 months termed Task-Based Training (TBT) where teacher teams are given a Robotic kit and guided to implement experiments using the robot.

To participate, a college needs to invest Rs. 2L towards equipment and accessories to set up a basic lab and nominate 4 teachers to be trained. In addition to both face-to-face hands-on training followed by online training, e-Yantra provides 3 free robotic kits to colleges where teacher team completes training and college sets up their lab.

Detail information in this regard and other benefits to colleges once they have set up a robotics lab is available at <http://www.e-yantra.org> and may also be contacted to Prof. Kavi Arya at the following address.

Project Proposal

Title of the Project: CHASER DRONE

Team Members (Total) : 4

Faculty Members(Names) : V.S.R.K.PASAD. G

Student Members (Names):

1. P.Jagadeeshwara Vara Prasad 2nd year
2. P.Lakshmi Saroja 2nd year
3. Likith Kumar 2nd year
4. Sri Teja 2nd year

Objective :

As majorly Indian population is depend on agriculture, so they need to harvest their fields and later on they need to survive their fields from damaging of wild animals. This is manually the farmers as to save their fields from damaging. As the drone technology change rapidly, with the help of it, the farmers automatically can prevent their fields from damaging of wild animals and can also prevent when they entered into field.

Details of Proposal Sent or Competitions Participated:

- 1) E-Yantra Robotics Competition 2017 –IIT Bombay

Out Come:

To make Drone technology to helpful for farmers for farming their fields and also to prevent from damaging of crops without manually.

Objective :

As normally in restaurants the customers are serviced with a waiters whether the order taking, bringing and servicing this is done everything manually, Thus it may have a delay taking at any process and owners are needed to bear them. Now days as rapid growth of robot technology (AI) which makes work automation. Thus instead of having manually to make automation the robots can use and make them to have a order taken from customers and giving at kitchen and serving within a time which makes a work efficient. Thus how it makes a simple we are implementing within our project.

Objective:

As one of leading technology is IoT which makes things automation . The objective of project is to develop a robot that is used to controlled a vehicle automatically to detect object coming front and controlling of vehicle from accidents irrespective of driver attention. It is also used to detect the front vehicles in fogs, As in fogs the driver can't able to see front vehicles coming and can occur accidents, So to overcome it we designed a robot that can overcome such causes. This robot is attached in front to vehicle to overcome it.

| 2 | A.Someswari | 2 nd year |

Objective :

The objective is making traffic simple in 4 or 8 ways road junction's crossing over. As normally at the junctions of roads to cross vehicles we apply a traffic signal system with a time interval for each road. When one way had heavy vehicles and other way doesn't have then we need to wait the vehicles until the way comes. Thus the signal system doesn't have efficient working. So to have efficient system we proposed a automation signal system where there is a heavy vehicle the automatic system will clear that way first and later the next way.

Traffic is the major problem everyone facing today . So, our project proposed a model by which we can control the traffic in smart way . This model detects the crowd by using cameras and analyse the mass of the crowd and based upon the crowd and time it gives the green signal . The model is completely based on the mass of the crowd and the maximum time that was allocated . It is also captures the pictures when any one does not follow the traffic rules.</p>

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (herein referred to as "MOU") is effective as of 25th September 2013 entered between PSCMR College of Engineering & Technology having its Registered Office at Raghava Reddy Street, Kotha Pet, Vijayawada, Andhra Pradesh

(hereinafter referred to as "Institute" which expression shall, unless it be repugnant to the subject or context thereof, shall deem to mean and include its successors and assigns) of the ONE PART.

AND

Intel Technology India Private Limited, a company incorporated under the Companies Act, 1956, having its Registered Office at 23-56P, Devarabeesanahalli, Varthur Hobli, Outer Ring Road, Bangalore-560103 (hereafter referred as "Intel")

Intel and Institute may each be referred to as a "Party" or collectively as the "Parties."

BACKGROUND

- A. Intel has a program known as Intel College Excellence Program under which Foundation for Innovation and Collaborative Education having its office at R-7108, Devinder Vihar, Sector 56, Gurgaon, Haryana - 122011, India (hereinafter referred as "FICE"), an Intel approved vendor, may conduct workshops on Intel Embedded systems and set up state of the art labs based on Intel Architecture, at various higher education institutes including the Institute ("Program");
- B. Intel wishes to state in the MOU about the Program, management of this Program by FICE and Intel's relationship with the Institute and FICE.
- C. Institute agrees with Intel to collaborate in the Program and engage with FICE as described in this MOU.

NOW, THEREFORE, the Parties have come to the following understanding:

General Understanding regarding this MOU:

1. Purpose of the MOU: The purpose of this MOU is to specifically bring to the attention of the Institute the relationship of Intel with the Program and how the Program is managed by FICE. This MOU will also serve as a framework to describe Intel's relationship with the Institute and with FICE. Intel and FICE are independent contractors. FICE does not have any right or authority to assume or create any obligations on behalf of Intel or to bind Intel to any contract, agreement or undertaking with the Institute. Nothing in this MOU shall be construed to create a partnership, joint venture, employment or agency relationship between Intel and FICE. Upon the execution of this MOU, Institute and FICE may discuss and negotiate the potential transaction(s) relating to the Program including setting up of lab in greater detail, which may include entering into binding agreements for the implementation of the Program.
2. Non-Binding Nature of this MOU: The Parties agree that this MOU is non-binding and the terms of this MOU are statements of intent only. This is not a binding agreement between the Parties except for the obligations provided under Sections 2 through 9 below, which are binding on the Parties. The Program is conducted by Intel on a non-binding basis. Intel has the right to cancel the Program and its related activities at any time at Intel's sole discretion without providing any reason to the Institute. No legally binding agreement shall exist until both parties have negotiated, prepared and executed separate individual written agreement(s) establishing the binding obligations of the Parties as approved by each Party's management and legal entities.
3. Confidentiality: Except as may be otherwise stated in MOU, or as may be required by law, the Parties agree that they shall seek and receive the express prior consent of the other Party before they disclose to the public or to any third party the existence of this MOU, any confidential information provided to each other or the relationship described herein.
4. Expenses: Institute will be responsible for its own expenses in connection with all matters relating to the Program. All monetary transactions for conducting the Program shall be between FICE and the Institute. There is no funding from Intel for FICE to carry out the

objectives of or to implement the Program at the Institute. FICE will obtain its own funding from the Institute who wish to set up the state of the art Intel Intelligent Systems labs and implement the Program. In no event shall Intel be liable to the Institute for any fault, mismanagement, acts, omissions or damages of any kind whatsoever based upon or arising out of FICE's performance of or failure to carry out the Program activities as agreed with the Institute.

5. Non Exclusivity: Nothing in this MoU shall mean or shall be construed to mean that any of the Party is at any time precluded from having similar arrangements with any other person or third party, subject always to maintaining confidentiality obligations stated herein.
6. Limitation of Liability: In no event shall Intel have any liability to the Institute, students or any other third party, for any indirect, incidental, speculative, special or consequential damages, based upon the breach of contract, tort or otherwise, arising out of this MOU, or for the failure of FICE to ultimately complete the Program activities as agreed between FICE and the Institute.
7. Warranties Disclaimed: ALL DELIVERABLES, MATERIALS AND PROGRAM COLLATERALS, ETC. PROVIDED BY INTEL ARE PROVIDED "AS IS" WITHOUT WARRANTY OF ANY KIND. INTEL SPECIFICALLY DISCLAIMS IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE AND ANY WARRANTY AGAINST INFRINGEMENT OF ANY INTELLECTUAL PROPERTY RIGHT OF ANY THIRD PARTY.
8. No Intellectual Property Rights Granted: This MOU does not grant the Institute any license or other rights to any trademarks, logos or other intellectual property of Intel, and use of any intellectual property of Intel will be governed by a separate license agreement.
9. Term and Termination: This MOU will continue in effect until it is terminated by one of the Parties. Either Party may terminate this MOU at any time for any or no reason upon 30 days' written notice to the other Party. In the event Intel cancels the Program and/or its related activities, this MOU shall stand automatically terminated and Intel may provide a written notice to the Institute to this effect. The obligation arising under Sections 2 to 10 of this MOU will survive termination.

10. Governing Law and Jurisdiction: This MOU will in all respects be governed by and construed in accordance with the laws of Republic of India. Each party hereby agrees to the sole jurisdiction of the courts of Bangalore for all disputes and litigation arising under or relating to this Agreement.
11. Independent Contractors: The Parties are independent contractors, and no agency, partnership, joint venture or employee-employer relationship is intended or created by this MOU. Neither Party will make any warranties or representations on behalf of the other.
12. Entire Understanding; Amendment; Assignment: This MOU sets forth the entire and final understanding and agreement of the Parties, and supersedes any and all oral or written agreements or understandings between the Parties, as to the subject matter hereof. No amendments or modifications shall be effective unless in writing and signed by authorized representatives of both Parties. The waiver of a breach of any provision of this MOU will not operate or be interpreted as a waiver of any other or subsequent breach. No right, duty or obligation under this MOU may be assigned, delegated, factored or subcontracted in any manner by either Party without the other Party's prior written consent, except that Intel may assign its rights or delegate its duties to one or more direct or indirectly-owned subsidiaries of Intel Corporation.
13. Notices: All notices shall be directed in writing to the following individuals (or their successors):
