PSCMR COLLEGE OF TECHNOLOGY

PSCMR College of Engineering & Technology is a contribution to the cause of education, this time in a new discipline – Engineering & Technology. This shows the Committee's eagerness to promote education in as many different areas as possible. The Committee, a non-profit academic organization that had been managing very successfully only schools and arts & science colleges till 2008, then extended its educational service activities to technology education area, and that led to the starting that year, of Potti Srimulu & chalapadi mallikarjuna Rao College of Engg & Technology — almost the first such institute with in the Vijayawada city limits. The college is affiliated to JNTU (K) made a modest beginning with an intake of 240 students, 60 each in the branches of ECE, CSE, EEE and IT. MBA course was added the next year, that is, in 2008. Making steady progress, it has now on its rolls 1200 students in two sections of ECE and CSE each, and one section each in EEE and IT. In only its fourth year of functioning, the college has shown its potential for excellence in academics, as shown in the success rate of the students, and is making all out efforts to secure placement for its students. For a sound engineering education and assured post qualification career, PSCMRCEET is among the best destination.

DEPARTMENT OF MECHANICAL ENGINEERING

Mechanical Engineering is a core engineering discipline, the concepts of which are prerequisite for every other branch of engineering as rightly reflected by the curriculum framed by reputed universities all over the world. This is precisely the reason for many mechanical engineers to occupy responsible positions practically in every field of activity – Space, Aviation, Power, Defense and of course the elite Information technology as well. Most of the engineering based management experts hail from mechanical engineering background. There is substantial contribution by

his faculty towards green revolution in the country. Modern technological developments covering MEMS, NANO, Biomedical etc have been a part of studies in this field of engineering only.

ABOUT THE PROGRAMME

The aim of this workshop is to link professionals from higher-level education institutions with experts from NITTR, to enhance Teaching Learning Process.

TOPICS

- Challenges of Teaching-Principles of learning
- Bloom's Revised approach
- Curriculum design and development-Classroom communication
- Student assessment
- Introspection to Teaching and through simulated teaching.
- Course outcomes.

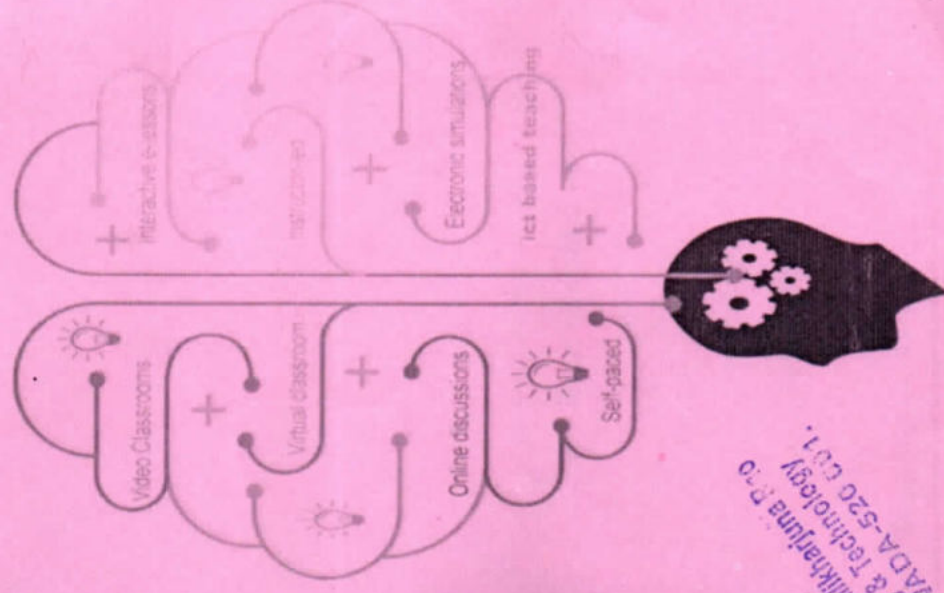

PARTICIPANTS

Faculties and Research Scholars from Science & Engineering Institutions approved to AICTE.

REGISTRATION FEES

The participants shall pay the non-refundable Registration Fee of Rs.200/-.

A Five Day Faculty Development Programme On Instructional Design & Teaching Methods.

PSCMR COLLEGE OF TECHNOLOGY

PSCMR College of Engineering & Technology is SKPVV Hindu High Schools Committee's latest contribution to the cause of education, this time in a new discipline – Engineering & Technology. This shows the Committee's eagerness to promote education in as many different areas as possible. The Committee, a non-profit academic organization that had been managing very successfully only schools and arts & science colleges till 2008, then extended its educational service activities to technology education area, and that led to the starting that year, of Potti Sriramulu & chalavadi mallikarjuna Rao College of Engg & Technology — almost the first such institute with in the Vijayawada city limits./The college is affiliated to JNTU (K) made a modest beginning with an intake of 240 students, 60 each in the branches of ECE, CSE, EEE and IT. MBA course was added the next year, that is, in 2008. Making steady progress, it has now on its rolls 1200 students in two sections of ECE and CSE each, and one section each in EEE and IT. In only its fourth year of functioning, the college has shown its potential for excellence in academics, as shown in the success rate of the students, and is making all out efforts to secure placement for its students. For a sound engineering education and assured post qualification career, PSCMR CET is among the best destination.

DEPARTMENT OF MECHANICAL ENGINEERING

Mechanical Engineering is a core engineering discipline, the concepts of which are prerequisite for every other branch of engineering as rightly reflected by the curriculum framed by reputed universities all over the world. This is precisely the reason for many mechanical engineers to occupy responsible positions practically in every field of activity – Space, Aviation, Power, Defense and of-course the elite Information technology as well. Most of the engineering based management experts hail from mechanical engineering background. There is substantial contribution by

his faculty towards green revolution in the country. Modern technological developments covering MEMS, NANO, Biomedical etc have been a part of studies in this field of engineering only.

ABOUT THE PROGRAMME

The aim of this workshop is to motivate the teachers and enhancing professional skills in teaching field.

PARTICIPANTS

Faculties and Research Scholars from Science & Engineering Institutions approved to AICTE.

PROGRAMMING ON CNC MACHINES.

PSCMR COLLEGE OF TECHNOLOGY

PSCMR College of Engineering & Technology is SKPVV Hindu High Schools Committee's latest contribution to the cause of education, this time in a new discipline – Engineering & Technology. This shows the Committee's eagerness to promote education in as many different areas as possible. The Committee, a non-profit academic organization that had been managing very successfully only schools and arts & science colleges till 2008, then extended its educational service activities to technology education area, and that led to the starting that year, of Potti Sri Ramulu & chalayadi mallikarjuna Rao College of Engg & Technology — almost the first such institute with in the Vijayawada city limits./The college is affiliated to JNTU (K) made a modest beginning with an intake of 240 students, 60 each in the branches of ECE, CSE, EEE and IT. MBA course was added the next year, that is, in 2008. Making steady progress, it has now on its rolls 1200 students in two sections of ECE and CSE each, and one section each in EEE and IT. In only its fourth year of functioning, the college has shown its potential for excellence in academics, as shown in the success rate of the students, and is making all out efforts to secure placement for its students. For a sound engineering education and assured post qualification career, PSCMR CET is among the best destination.

DEPARTMENT OF MECHANICAL ENGINEERING

Mechanical Engineering is a core engineering discipline, the concepts of which are prerequisite for every other branch of engineering as rightly reflected by the curriculum framed by reputed universities all over the world. This is precisely the reason for many mechanical engineers to occupy responsible positions practically in every field of activity – Space , Aviation, Power, Defense and of- course the elite information technology as well. Most of the engineering based management experts hail from mechanical engineering background. There is substantial contribution by

his faculty towards green revolution in the country. Modern technological developments covering MEMS, NANO, Biomedical etc have been a part of studies in this field of engineering only.

ABOUT THE PROGRAMME

The aim of this workshop is to link professionals from higher-level education institutions with experts from NITTR, to enhance Teaching Learning Process.

TOPICS

- Challenges of Teaching-Principles of learning
- Bloom's Revised approach
- Curriculum design and development- Classroom communication
- Student assessment
- Introspection to Teaching and through simulated teaching.
- Course outcomes.

PARTICIPANTS

Faculties and Research Scholars from Science & Engineering Institutions approved to AICTE.

REGISTRATION FEES

The participants shall pay the non-refundable Registration Fee of Rs.200/- .

PSCMR COLLEGE OF TECHNOLOGY

PSCMR College of Engineering & Technology is SKPVV Hindu High Schools Committee's latest contribution to the cause of education, this time in a new discipline – Engineering & Technology. This shows the Committee's eagerness to promote education in as many different areas as possible. The Committee, a non-profit academic organization that had been managing very successfully only schools and arts & science colleges till 2008, then extended its educational service activities to technology education area, and that led to the starting that year, of Potti Sriramulu & chalayadi mallikarjuna Rao College of Engg & Technology — almost the first such institute with in the Vijayawada city limits./The college is affiliated to JNTU (K) made a modest beginning with an intake of 240 students, 60 each in the branches of ECE, CSE, EEE and IT. MBA course was added the next year, that is, in 2008. Making steady progress, it has now on its rolls 1200 students in two sections of ECE and CSE each, and one section each in EEE and IT. In only its fourth year of functioning, the college has shown its potential for excellence in academics, as shown in the success rate of the students, and is making all out efforts to secure placement for its students. For a sound engineering education and assured post qualification career, PSCMRCET is among the best destination.

DEPARTMENT OF MECHANICAL ENGINEERING

Mechanical Engineering is a core engineering discipline, the concepts of which are prerequisite for every other branch of engineering as rightly reflected by the curriculum framed by reputed universities all over the world. This is precisely the reason for many mechanical engineers to occupy responsible positions practically in every field of activity – Space, Aviation, Power, Defense and of-course the elite Information technology as well. Most of the engineering based management experts hail from mechanical engineering background. There is substantial contribution by

his faculty towards green revolution in the country. Modern technological developments covering MEMS, NANO, Biomedical etc have been a part of studies in this field of engineering only.

ABOUT THE PROGRAMME

The aim of this workshop is to motivate the teachers and enhancing professional skills in teaching field.

PARTICIPANTS

Faculties and Research Scholars from Science & Engineering Institutions approved to AICTE.

Effective Counselling.

PSCMR COLLEGE OF TECHNOLOGY

PSCMR College of Engineering & Technology is SKPVV Hindu High Schools Committee's latest contribution to the cause of education, this time in a new discipline – Engineering & Technology. This shows the Committee's eagerness to promote education in as many different areas as possible. The Committee, a non-profit academic organization that had been managing very successfully only schools and arts & science colleges till 2008, then extended its educational service activities to technology education area, and that led to the starting that year, of Potti Srimulu & chalayadi mallikarjuna Rao College of Engg & Technology — almost the first such institute with in the Vijayawada city limits./The college is affiliated to JNTU (K) made a modest beginning with an intake of 240 students, 60 each in the branches of ECE, CSE, EEE and IT. MBA course was added the next year, that is, in 2008. Making steady progress, it has now on its rolls 1200 students in two sections of ECE and CSE each, and one section each in EEE and IT. In only its fourth year of functioning, the college has shown its potential for excellence in academics, as shown in the success rate of the students, and is making all out efforts to secure placement for its students. For a sound engineering education and assured post qualification career, PSCMR CET is among the best destination.

DEPARTMENT OF MECHANICAL ENGINEERING

Mechanical Engineering is a core engineering discipline, the concepts of which are prerequisite for every other branch of engineering as rightly reflected by the curriculum framed by reputed universities all over the world. This is precisely the reason for many mechanical engineers to occupy responsible positions practically in every field of activity – Space, Aviation, Power, Defense and of-course the elite Information technology as well. Most of the engineering based management experts hail from mechanical engineering background. There is substantial contribution by

his faculty towards green revolution in the country. Modern technological developments covering MEMS, NANO, Biomedical etc have been a part of studies in this field of engineering only.

ABOUT THE PROGRAMME

The aim of this workshop is to link professionals from higher-level education institutions with experts from NITTR, to enhance Teaching Learning Process.

TOPICS

- Challenges of Teaching-Principles of learning
- Bloom's Revised approach
- Curriculum design and development- Classroom communication
- Student assessment
- Introspection to Teaching and through simulated teaching.
- Course outcomes.

PARTICIPANTS

Faculties and Research Scholars from Science & Engineering Institutions approved to AICTE.

REGISTRATION FEES

The participants shall pay the non-refundable Registration Fee of Rs.200/-.

Dated: 21 June 2016

ORDER

Subject: Financial assistance for organizing A National Seminar on "Recent Development in Engineering Science and its Computational Applications (RDESCA-2016)" by Dr. Nageswara Rao K, Potti Sriramulu Chalavadi Mallikharjuna Rao College of Engineering & Technology, Vijayawada-520001 being held during 27-28 June, 2016.

Sanction is hereby accorded to the payment of a sum of ₹ 1,00,000/- (Rupees One Lakh Only) to the Principal, Potti Sriramulu Chalavadi Mallikharjuna Rao College of Engineering & Technology, Vijayawada-520001 during the financial year 2016-2017 to meet the expenses related to TA/DA to Young and Senior Indian Scientists and Pre-conference printing in connection with the above event.

2. The amount of ₹ 1,00,000/- (Rupees One Lakh Only) will be drawn by Finance & Budget Officer, SERB and disbursed to the **Principal, Potti Sriramulu Chalavadi Mallikharjuna Rao College of Engineering & Technology, Vijayawada-520001** by means of Cheque or Electronic Fund Transfer (NEFT / RTGS) as per their Bank Details given below:

Bank Account Name	Potti Sriramulu Chalavadi Mallikharjuna Rao College of Engineering & Technology
Bank Account Number	30479170474
Bank Name & Branch	State Bank of India, KBN College, Chitti Nagra, Vijayawada
Bank IFSC Code	SBIN0011099
Email Id of PI	principal@pscmr.ac.in
Email Id of Beneficiary	principal@pscmr.ac.in
Email Id of SERB Officer	drvramesh@serb.gov.in, seminarsymposia@gmail.com

3. The expenditure involved is debit to "Fund for Science & Engineering Research (FSER)". This release is being made under "Seminar Symposia Scheme".
4. This sanction is issued with the approval of competent authority under delegated powers and vide sanction number **SERB/F/994/2016-17** dated **07/06/2016**.
5. As per Rule 211(1) of GFRs, the accounts of the Grantee Institution shall be open to inspection by the sanctioning authority/audit whenever the institute is called upon to do so.
6. It is **mandatory** that the grantee institution is required to submit to this office, **audited Statement of Income-Expenditure, Utilization Certificate** (in duplicate as per the enclosed prescribed format) and **brief report of the above event** (max. 04 pages) within three months after the date of completion.
7. The balance amount, if any, may be returned through DD in favor of "Fund for Science & Engineering Research" payable at New Delhi.
8. The **Logo of SERB** is to be displayed on all Conferences / Seminars / Symposium material being used for the event.

Subject: RTGS/NEFT UTR/ TRANS No. – File No. SB/SS/144/16-17

Sir/Madam,

I am directed to refer to Science & Engineering Research Board (SERB) sanction order no. SB/SS/144/16-17 dated 21-06-2016 and forward herewith the following for information and necessary action:

RTGS/NEFT UTR/Transaction no.: UBINH16194534614 / SAA207357110 dated 12-07-2016.

Rs.100000/- (RUPEES ONE LAKH ONLY) transferred to A/c No.: 30479170474,
Bank Name/Branch : State Bank of India,

SERB Sanction Order for the above is attached to this email

Reference:

1. SERB, Finance Wing, Bill no: GIA/1310 dated 30-06-2016
2. SERB Finance Wing, Diary No: SERB/F/994/2016-17→ (please make this your subject line for future queries via email)

KINDLY CONFIRM RECEIPT OF GRANTS (FUNDS) BY EMAIL ONLY.

IMPORTANT:

1. SEPARATE Utilization Certificates (UCs) for Recurring and Non-Recurring Grants (even if DISBURSED BY SERB THROUGH ONE SANCTION ORDER for your project) should be sent directly to the grant Sanctioning Authority by name (signatory of the sanction order) within twelve months of the closure of the financial year in which the grants were released irrespective of whether the subsequent instalment of grant is due for release or not.

2. However, if any unspent balance is to be refunded, kindly ensure that the unutilized amount may be refunded immediately by way of an a/c payee cheque/DD drawn in favour of "Fund for Science & Engineering Research", payable at New Delhi and forwarded to the undersigned at the address given below:

The Finance & Budget Officer

PSCMR COLLEGE OF TECHNOLOGY

PSCMR College of Engineering & Technology is SKPVV.. Hindu High Schools Committee's latest contribution to the cause of education, this time in a new discipline – Engineering & Technology. This shows the Committee's eagerness to promote education in as many different areas as possible. The Committee, a non-profit academic organization that had been managing very successfully only schools and arts & science colleges till 2008, then extended its educational service activities to technology education area, and that led to the starting that year, of Potti Sriramulu & chalayadi mallikarjuna Rao College of Engg & Technology — almost the first such institute with in the Vijayawada city limits./The college is affiliated to JNTU (K) made a modest beginning with an intake of 240 students, 60 each in the branches of ECE, CSE, EEE and IT. MBA course was added the next year, that is, in 2008. Making steady progress, it has now on its rolls 1200 students in two sections of ECE and CSE each, and one section each in EEE and IT. In only its fourth year of functioning, the college has shown its potential for excellence in academics, as shown in the success rate of the students, and is making all out efforts to secure placement for its students. For a sound engineering education and assured post qualification career, PSCMR CET is among the best destination.

DEPARTMENT OF FRESHMAN ENGINEERING

This Basic Engineering Department established at the inception of the College had a modest beginning with only three faculty members. Since then it has steadily grown in size and stature. The department has a rare blend of very dynamic and qualified faculties of basic sciences and humanities such as Mathematics, Physics, Communicative English. The department provides concept oriented subject knowledge through high quality Teaching supplemented with practical training.

ABOUT THE PROGRAMME

The aim of this workshop is to motivate the teachers and enhancing professional skills in teaching field.

PARTICIPANTS

Faculties and Research Scholars from Science & Engineering Institutions approved to AICTE.

PSCMR COLLEGE OF TECHNOLOGY

PSCMR College of Engineering & Technology is SKPVV Hindu High Schools Committee's latest contribution to the cause of education, this time in a new discipline – Engineering & Technology. This shows the Committee's eagerness to promote education in as many different areas as possible. The Committee, a non-profit academic organization that had been managing very successfully only schools and arts & science colleges till 2008, then extended its educational service activities to technology education area, and that led to the starting that year, of Potti Sriramulu & chalavadi mallikarjuna Rao College of Engg & Technology — almost the first such institute with in the Vijayawada city limits./The college is affiliated to JNTU (K) made a modest beginning with an intake of 240 students, 60 each in the branches of ECE, CSE, EEE and IT. MBA course was added the next year, that is, in 2008. Making steady progress, it has now on its rolls 1200 students in two sections of ECE and CSE each, and one section each in EEE and IT. In only its fourth year of functioning, the college has shown its potential for excellence in academics, as shown in the success rate of the students, and is making all out efforts to secure placement for its students. For a sound engineering education and assured post qualification career, PSCMR CET is among the best destination.

DEPARTMENT OF FRESHMAN ENGINEERING

This Basic Engineering Department established at the inception of the College had a modest beginning with only three faculty members. Since then it has steadily grown in size and stature. The department has a rare blend of very dynamic and qualified faculties of basic sciences and humanities such as Mathematics, Physics, Communicative English. The department provides concept oriented subject knowledge through high quality Teaching supplemented with practical training.

ABOUT THE PROGRAMME

The aim of this workshop is to motivate the teachers and enhancing professional skills in teaching field.

PARTICIPANTS

Faculties and Research Scholars from Science & Engineering Institutions approved to AICTE.

PSCMR COLLEGE OF TECHNOLOGY

PSCMR College of Engineering & Technology is SKPVV Hindu High Schools Committee's latest contribution to the cause of education, this time in a new discipline – Engineering & Technology. This shows the Committee's eagerness to promote education in as many different areas as possible. The Committee, a non-profit academic organization that had been managing very successfully only schools and arts & science colleges till 2008, then extended its educational service activities to technology education area, and that led to the starting that year, of Potti Sriramulu & chalayadi mallikarjuna Rao College of Engg & Technology — almost the first such institute with in the Vijayawada city limits./The college is affiliated to JNTU (K) made a modest beginning with an intake of 240 students, 60 each in the branches of ECE, CSE, EEE and IT. MBA course was added the next year, that is, in 2008. Making steady progress, it has now on its rolls 1200 students in two sections of ECE and CSE each, and one section each in EEE and IT. In only its fourth year of functioning, the college has shown its potential for excellence in academics, as shown in the success rate of the students, and is making all out efforts to secure placement for its students. For a sound engineering education and assured post qualification career, PSCMR CET is among the best destination.

DEPARTMENT OF ELECTRICAL ENGINEERING

Electrical and Electronics Engineering Department was founded with a threefold mission in teaching, research, and public service. Based on that foundation, the mission of the Department, in all major fields of electrical engineering, is to instill in students the attitudes, values, vision, and training that will prepare them for lifetimes of continued learning and leadership, to develop the ability and passion to work wisely, creatively, and effectively for the benefit of society.

ABOUT THE PROGRAMME

The aim of this workshop is to link professionals from higher-level education institutions with experts from NITTR, to enhance Teaching Learning Process.

PARTICIPANTS

Faculties and Research Scholars from Science & Engineering Institutions approved to AICTE.

PSCMR COLLEGE OF TECHNOLOGY

PSCMR College of Engineering & Technology is SKPVV Hindu High Schools Committee's latest contribution to the cause of education, this time in a new discipline – Engineering & Technology. This shows the Committee's eagerness to promote education in as many different areas as possible. The Committee, a non-profit academic organization that had been managing very successfully only schools and arts & science colleges till 2008, then extended its educational service activities to technology education area, and that led to the starting that year, of Potti Sriramulu & chalayadi mallikarjuna Rao College of Engg & Technology — almost the first such institute with in the Vijayawada city limits./The college is affiliated to JNTU (K) made a modest beginning with an intake of 240 students, 60 each in the branches of ECE, CSE, EEE and IT. MBA course was added the next year, that is, in 2008. Making steady progress, it has now on its rolls 1200 students in two sections of ECE and CSE each, and one section each in EEE and IT. In only its fourth year of functioning, the college has shown its potential for excellence in academics, as shown in the success rate of the students, and is making all out efforts to secure placement for its students. For a sound engineering education and assured post qualification career, PSCMR CET is among the best destination.

DEPARTMENT OF COMPUTER SCIENCE ENGINEERING

PSCMR CET has a highly-specialized Computer Science Department that exposes students to a broad range of subjects involving advanced computer engineering and its application in industry. The curriculum relies heavily on industry-academia interaction and responds to the current needs and trends in the global software industry

ABOUT THE PROGRAMME

The aim of this workshop is to have knowledge on basics of data structure for computer science faculty.

PARTICIPANTS

Faculties and Research Scholars from Science & Engineering Institutions approved to AICTE.

PSCMR COLLEGE OF TECHNOLOGY

PSCMR College of Engineering & Technology is SKPVV Hindu High Schools Committee's latest contribution to the cause of education, this time in a new discipline – Engineering & Technology. This shows the Committee's eagerness to promote education in as many different areas as possible. The Committee, a non-profit academic organization that had been managing very successfully only schools and arts & science colleges till 2008, then extended its educational service activities to technology education area, and that led to the starting that year, of Potti Sriramulu & chalavadi mallikarjuna Rao College of Engg & Technology — almost the first such institute with in the Vijayawada city limits./The college is affiliated to JNTU (K) made a modest beginning with an intake of 240 students, 60 each in the branches of ECE, CSE, EEE and IT. MBA course was added the next year, that is, in 2008. Making steady progress, it has now on its rolls 1200 students in two sections of ECE and CSE each, and one section each in EEE and IT. In only its fourth year of functioning, the college has shown its potential for excellence in academics, as shown in the success rate of the students, and is making all out efforts to secure placement for its students. For a sound engineering education and assured post qualification career, PSCMR CET is among the best destination.

DEPARTMENT OF MECHANICAL ENGINEERING

Mechanical Engineering is a core engineering discipline, the concepts of which are prerequisite for every other branch of engineering as rightly reflected by the curriculum framed by reputed universities all over the world. This is precisely the reason for many mechanical engineers to occupy responsible positions practically in every field of activity – Space, Aviation, Power, Defense and of- course the elite Information technology as well. Most of the engineering based management experts hail from mechanical engineering background. There is substantial contribution by

his faculty towards green revolution in the country. Modern technological developments covering MEMS, NANO, Biomedical etc have been a part of studies in this field of engineering only.

ABOUT THE PROGRAMME

The aim of this workshop is to motivate the teachers and enhancing professional skills in teaching field.

PARTICIPANTS

Faculties and Research Scholars from Science & Engineering Institutions approved to AICTE.

Grant for engg. college

The All India Council for Technical Education (AICTE) has sanctioned grant to the tune of Rs. 2 lakh to Potti Sri Ramulu Chalavadi Mallikarjuna Rao College of Engineering and Technology located in the One Town area, for hosting a national seminar on 'Recent trends on surface science and nano technology'. According to the Principal of the college, K. Nageswara Rao, the seminar will be held in November. The seminar will also give a platform for budding scientists and researchers to update themselves. He said that research papers presented in the seminar will be selectively published in international journals. For further information visit: www.psemr.ac.in
