Dear Sir,

Industry Institute Interface (I.I.I) – a combined initiative of Industry and Academia, which has taken shape recently, invites you to its grand inaugural function on 18<sup>th</sup> April, 2015 in Vijayawada. An invitation with Program schedule is shared with this mail for your kind reference. We cordially invite you to the grand inaugural of I.I.I, intends to bridge the perceived gap between Industry and Academia. Objectives of I.I.I are highlighted hereunder.

### **Industry Institute Interface (I.I.I) – Objectives:**

I.I.I is an initiative of the Industry and Academic Institutions with the following aims and objectives. Forum strives to:

- ❖ Bring more visibility on 'what are the various opportunities available for the budding Engineers', on a periodic basis via bringing in Industry Specialists, across various sectors, on a common platform (I.I.I) for the students.
- ❖ Promoting collaboration among participating colleges in activities promoting industry exposure and making students industry-ready. Such activities include technical paper presentations, scrutinized by Industry, Coordinating common lectures by nationally and internationally known scholars and industry experts etc.
- ❖ Spread a part of corporate recruitments on a common platform (I.I.I), thereby sharing the opportunities across the Campuses. Each of the recruiting industry may choose to maximize their recruitment with a preferred campus (about 70%) while the other part of their need (rest 30%) could be opened for I.I.I, covering all the other campuses around.
- ❖ Seek Support from the Industries and from the Professional Bodies like PMI etc.
- ❖ Plan the I.I.I activities on a Quarterly Basis with a view to meet forum's long term Vision.
- ❖ Ensure Educational holidays / Vocational Trainings to be promoted through Industry interface – on a common platform.
- ❖ Organize /enhance Industry visits for the Students.
- ❖ Enhance and embrace Internship Programs – Currently neither focused nor adequate – these are currently more for a certificate than for a purpose.

Subject: Opening of NIRF Web Portal for editing till 25th February, 2016 and submission of Soft copy & duly certified Hard copy by 27th February, 2016

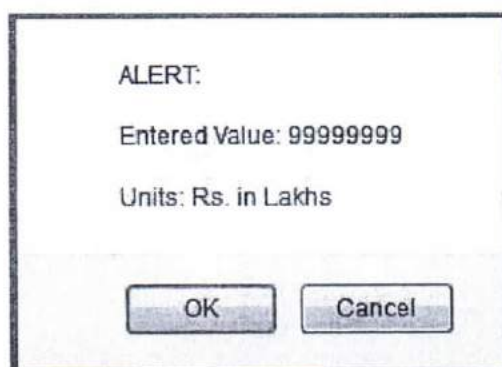

To: principal@pscmr.ac.in

Reference: Our e-mails dated 12th and 14th February, 2016.

Dear Nodal Officer,

This is in respect of the subject and reference cited above, it is informed that NIRF Web Portal will be opened for corrections/editing the data submitted by the applicant institution from today to **25th February, 2016**.

One major inconsistency in the previous submissions pertains to the units for various financial numbers. Not everybody has been careful about these units. In the current editing and correction, the software will prompt you for values to be entered in Rupees, or amount in lacs, as required. Similar alerts will be presented for area in Square Meters etc. Thus, there will be a pop up message with data value entered and unit for confirmation. The value will be stored only on confirmation. As an illustration, a screen shot is placed below for ready reference:

1. In case user clicks on Ok, value is stored.
2. In case user clicks on Cancel, value is to be re-entered.

It is expected that before resubmitting data in NIRF data capturing system, the applicant institution will ensure the following:

1. Data entry in correct units so as to ensure appropriate/correct data processing and assessment thereof. The following table details criteria wise data entry in expected units:

**A Report On Dental Checkup:**

The camp was initiated with dental awareness talk, educating students about common dental ailments, especially stressing on tooth decay and gum diseases and measures to prevent from them. The students were highlighted about the eating patterns and food choices which cause tooth decay. The surgeons also highlighted about the possible formation of harmful acid which develops when bacteria (plaque) get in contact with sugar in the mouth which ultimately results in tooth decay. "Added sugars often are present in soft drinks, candies, cookies, pastries and therefore to help control the consumption of sugar one must read the food labels and choose the right foods and beverages that are low in added sugar", the dental surgeons added.

On the Occasion of Dental camp on 10<sup>th</sup> April 2015 a camp was organized by Department of Management Studies, PSCMR CET in association with Dentys at 11:00 AM to 2:00 PM. This Camp was inaugurated by Dr.P Vijay Kumar,.In this camp the number of Volunteers of different departments have been actively participated with Vivacity. Mr.J Naveen Gupta, Assistant Professor conducted the camp with the help of Dr.P.Vijay Kumar have given their positive support and help in organizing the Dental Checkup camp.
